Reporting Process and Complaint Investigation and Resolution

Any student who believes that he/she has been subjected to sexual harassment or who has witnessed sexual harassment is strongly encouraged to report the incident to his/her teacher, the principal, or any other available school employee. Within one school day of receiving such a report, the school employee shall forward the report to the principal or the district's compliance officer identified in AR 1312.3. In addition, any school employee who observes an incident of sexual harassment involving a student shall, within one school day, report his/her observation to the principal or a district compliance officer. The employee shall take these actions, whether or not the alleged victim files a complaint.

In any case of sexual harassment involving the principal, compliance officer, or any other person to whom the incident would ordinarily be reported or filed, the report may instead be submitted the Superintendent or designee.

When a report of sexual harassment is submitted, the principal or compliance officer shall inform the student or parent/guardian of the right to file a formal written complaint in accordance with the district's uniform complaint procedures.

If a complaint of sexual harassment is initially submitted to the principal, he/she shall, within two school days, forward the report to the compliance officer to initiate investigation of the complaint. The compliance officer shall contact the complainant and investigate and resolve the complaint in accordance with law and district procedures specified in AR 1312.3.

Confidentiality

All complaints and allegations of sexual harassment shall be kept confidential except as necessary to carry out the investigation or take other subsequent necessary action. (5 CCR 4964)

However, when a complainant or victim of sexual harassment notifies the district of the harassment but requests confidentiality, the compliance officer shall inform him/her that the request may limit the district's ability to investigate the harassment or take other necessary action. When honoring a request for confidentiality, the district will nevertheless take all reasonable steps to investigate and respond to the complaint consistent with the request.

When a complainant or victim of sexual harassment notifies the district of the harassment but requests that the district not pursue an investigation, the district will determine whether or not it can honor such a request while still providing a safe and nondiscriminatory environment for all students.

Response Pending Investigation

When an incident of sexual harassment is reported, the principal or designee, in consultation with the compliance officer, shall determine whether interim measures are necessary pending the results of the investigation. The principal/designee or compliance officer shall take immediate measures necessary to stop the harassment and protect students and/or ensure their access to the educational program. Such measures may include placing the individuals involved in separate classes or transferring a student to a class taught by a different teacher, in accordance with law and Board policy. The school should notify the individual who was harassed of his/her options to avoid contact with the alleged harasser and allow the complainant to change academic and extracurricular arrangements as appropriate. The school should also ensure that the complainant is aware of the resources and assistance, such as counseling, that are available to him/her. As appropriate, such actions shall be considered even when a student chooses to not file a formal complaint or the sexual harassment occurs off school grounds or outside school-sponsored or school-related programs or activities.

Notifications

A copy of the district's sexual harassment policy and regulation shall:

1. Be included in the notifications that are sent to parents/guardians at the beginning of each school year (Education Code 48980; 5 CCR 4917)

Students

BP 5144.1

The Governing Board desires to provide district students access to educational opportunities in an orderly school environment that protects their safety and security, ensures their welfare and well-being, and promotes their learning and development. The Board shall develop rules and regulations setting the standards of behavior expected of district students and the disciplinary processes and procedures for addressing violations of those standards, including suspension and/or expulsion.

The grounds for suspension and expulsion and the procedures for considering, recommending, and/or implementing suspension and expulsion shall be only those specified in law, in this policy, and in the accompanying administrative regulation.

Except when otherwise permitted by law, a student may be suspended or expelled only when his/her behavior is related to a school activity or school attendance occurring within any district school or another school district, regardless of when it occurs, including, but not limited to, the following: (Education Code 48900(s))

1. While on school grounds
2. While going to or coming from school
3. During the lunch period, whether on or off the school campus
4. During, going to, or coming from a school-sponsored activity

District staff shall enforce the rules concerning suspension and expulsion of students fairly, consistently, equally, and in accordance with the district's nondiscrimination policies.

Appropriate Use of Suspension Authority

Except when a student's act violates Education Code 48900(a)-(e), as listed in items #1-5 under "Grounds for Suspension and Expulsion: Grades K-6" of the accompanying administrative regulation, or when his/her presence causes a danger to others, suspension shall be used only when other means of correction have failed to bring about proper conduct. (Education Code 48900.5, 48900.6)

A student's parents/guardians shall be notified as soon as possible when there is an escalating pattern of misbehavior that could lead to on-campus or off-campus suspension.

No student in grades K-3 may be suspended for disruption or willful defiance, except by a teacher pursuant to Education Code 48910. (Education Code 48900)

Students shall not be suspended or expelled for truancy, tardiness, or absenteeism from assigned school activities.

On-Campus Suspension

To ensure the proper supervision and ongoing learning of students who are suspended for any of the reasons enumerated in Education Code 48900 and 48900.2, but who pose no imminent danger or threat to anyone at school and for whom expulsion proceedings have not been initiated, the Superintendent or designee may establish a supervised suspension classroom program which meets the requirements of law.

Except where a supervised suspension is permitted by law for a student's first offense, supervised suspension shall be imposed only when other means of correction have failed to bring about proper conduct. (Education Code 48900.5)

Authority to Expel

A student may be expelled only by the Board. (Education Code 48918(j))

As required by law, the Superintendent or principal shall recommend expulsion and the Board shall expel any student found to have committed any of the following "mandatory recommendation and mandatory expulsion" acts at school or at a school activity off school grounds: (Education Code 48915)

1. Possessing a firearm which is not an imitation firearm, as verified by a certificated employee, unless the student had obtained prior written permission to possess the item from a certificated school employee, with the principal or designee's concurrence

6. Possessing an explosive as defined in 18 USC 921

For all other violations listed in the accompanying administrative regulation under "Grounds for Suspension and Expulsion: Grades K-6" and "Additional Grounds for Suspension and Expulsion: Grades 4-6," the Superintendent or principal shall have the discretion to recommend expulsion of a student. If expulsion is recommended, the Board shall order the student expelled only if it makes a finding of either or both of the following: (Education Code 48915(b) and (e))

1. That other means of correction are not feasible or have repeatedly failed to bring about proper conduct
2. That due to the nature of the violation, the presence of the student causes a continuing danger to the physical safety of the student or others

A vote to expel a student shall be taken in a public session.

The Board may vote to suspend the enforcement of the expulsion order pursuant to the requirements of law and the accompanying administrative regulation. (Education Code 48917)

No student shall be expelled for disruption or willful defiance. (Education Code 48900)

Due Process

The Board shall provide for the fair and equitable treatment of students facing suspension and/or expulsion by affording them their due process rights under the law. The

Superintendent or designee shall comply with procedures for notices, hearings, and appeals as specified in law and administrative regulation. (Education Code 48911, 48915, 48915.5, 48918)

Maintenance and Monitoring of Outcome Data

The Superintendent or designee shall annually present to the Board a report of the outcome data which the district is required to collect pursuant to Education Code 48900.8 and 48916.1, including the number of students recommended for expulsion, the grounds for each recommended expulsion, the actions taken by the Board, the types of referral made after each expulsion, and the disposition of the students after the expulsion period.

The report shall be disaggregated by school and by numerically significant student subgroups, including, but not limited to, ethnic subgroups, socioeconomically disadvantaged students, English learners, foster youth, and students with disabilities. The report also shall include information about whether and how the district is meeting its goals for improving school climate as specified in its local control and accountability plan.

(Education Code 48900.7)

Additional Grounds for Suspension and Expulsion: Grades 4-6

(Education Code 48900(k))

A student in grades 4-6 shall be subject to suspension or recommendation for expulsion when it is determined that he/she:

1. Committed sexual harassment as defined in Education Code 212.5 (Education Code 48900.2)

Sexual harassment means conduct which, when considered from the perspective of a reasonable person of the same gender as the victim, is sufficiently severe or pervasive as to have a negative impact upon the victim's academic performance or to create an intimidating, hostile, or offensive educational environment. Suspension from Class by a Teacher

A teacher may suspend a student, including a grade K-3 student, from class for the remainder of the day and the following day for disruption, willful defiance, or any of the other acts specified in Education Code 48900 and listed as items #1-18 under "Grounds for Suspension and Expulsion: Grades K-6" above. (Education Code 48910)

When suspending a student from class, the teacher shall immediately report this action to the principal or designee and send the student to the principal or designee for appropriate action. If that action requires the continuing presence of the student at school, he/she shall be appropriately supervised during the class periods from which he/she has been suspended. (Education Code 48910)

As soon as possible after the teacher decides to suspend the student, he/she shall ask the student's parent/guardian to attend a parent-teacher conference regarding the suspension. A counselor or psychologist may attend the conference if it is practicable, and a school administrator shall attend if either the parent/guardian or teacher so requests. (Education Code 48910)

A student suspended from class shall not be returned to class during the period of the suspension without the approval of the teacher of the class and the principal or designee. (Education Code 48910)

A student suspended from class shall not be placed in another regular class during the period of suspension. However, a student assigned to more than one class per day may continue to attend other regular classes except those held at the same time as the class from which he/she was suspended. (Education Code 48910)

The teacher of any class from which a student is suspended may require the student to complete any assignments and tests missed during the removal. (Education Code 48913)

Suspension by Superintendent, Principal or Principal's Designee

To implement disciplinary procedures at a school site, the principal may, in writing, designate as the principal's designee another administrator or, if the principal is the only administrator at the school site, a certificated employee. As necessary, the principal may, in writing, also designate another administrator or certificated

employee as the secondary designee to assist with disciplinary procedures when the principal and the principal's primary designee are absent from the school site.

The Superintendent, principal, or designee shall immediately suspend any student found at school or at a school activity to have committed any of the acts listed in the Board policy under "Authority to Expel" and for which he/she is required to recommend expulsion. (Education Code 48915(c))

The Superintendent, principal, or designee may impose a suspension for a first offense if he/she determines that the student violated any of items #1-5 listed under "Grounds for Suspension and Expulsion: Grades K-6" above or if the student's presence causes a danger to persons. (Education Code 48900.5)

For all other offenses, a student may be suspended only when the Superintendent or principal has determined that other means of correction have failed to bring about proper conduct in the student. (Education Code 48900.5)

When other means of correction are implemented prior to imposing suspension or supervised suspension upon a student, the Superintendent, principal, or designee shall document the other means of correction used and retain them in the student's record. (Education Code 48900.5)

Length of Suspension

The Superintendent, principal, or designee may suspend a student from school for not more than five consecutive school days. (Education Code 48911)

A student may be suspended from school for not more than 20 school days in any school year. However, if a student enrolls in or is transferred to another regular school, an opportunity school, or continuation school or class for the purpose of adjustment, he/she may be suspended for not more than 30 school days in a school year. The district may count suspensions that occur while a student is enrolled in another school district toward the maximum number of days for which the student may be suspended in any school year. (Education Code 48903, 48911, 48912)

These restrictions on the number of days of suspension shall not apply when the suspension is extended pending an expulsion. (Education Code 48911)

Due Process Procedures for Suspension

Suspensions shall be imposed in accordance with the following procedures:

1. Informal Conference: Suspension shall be preceded by an informal conference conducted by the Superintendent, principal, or designee with the student and, whenever practicable, the teacher, supervisor, or school employee who referred the student to the principal. At the conference, the student shall be informed of the reason for the disciplinary action, presented with the available

evidence against him/her, and given the opportunity to present his/her version and evidence in support of his/her defense. (Education Code 48911)

This conference may be omitted if the Superintendent, principal, or designee determines that an emergency situation exists involving a clear and present danger to the lives, safety, or health of students or school personnel. If a student is suspended without this conference, both the parent/guardian and student shall be notified of the student's right to return to school for the purpose of the conference and the conference shall be held within two school days, unless the student waives his/her right to it or is physically unable to attend for any reason. In such a case, the conference shall be held as soon as the student is physically able to return to school. (Education Code 48911)

2. **Administrative Actions:** All requests for student suspension are to be processed by the principal or designee. A school employee shall report the suspension, including the name of the student and the cause for the suspension, to the Superintendent or designee. (Education Code 48911)
3. **Notice to Parents/Guardians:** At the time of the suspension, a school employee shall make a reasonable effort to contact the parent/guardian by telephone or in person. Whenever a student is suspended, the parent/guardian shall also be notified in writing of the suspension. (Education Code 48911)

This notice shall state the specific offense committed by the student. (Education Code 48900.8)

In addition, the notice may state the date and time when the student may return to school.

4. **Parent/Guardian Conference:** Whenever a student is suspended, school officials may request a meeting with the parent/guardian to discuss the cause(s) and duration of the suspension, the school policy involved, and any other pertinent matter. (Education Code 48914)

If school officials request to meet with the parent/guardian, the notice may state that the law requires the parent/guardian to respond to such requests without delay. However, no penalties may be imposed on the student for the failure of the parent/guardian to attend such a conference. The student may not be denied reinstatement solely because the parent/guardian failed to attend the conference. (Education Code 48911)

5. **Extension of Suspension:** If the Board is considering the expulsion of a suspended student from any school or the suspension of a student for the balance of the semester from continuation school, the Superintendent or designee may, in writing, extend the suspension until such time as the Board has made a decision, provided the following requirements are followed: (Education Code 48911)

- a. The extension of the original period of suspension is preceded by notice of such extension with an offer to hold a conference concerning the extension, giving the student an opportunity to be heard. This conference may be held in conjunction with a meeting requested by the student or parent/guardian to challenge the original suspension.

- b. The Superintendent or designee determines, following a meeting in which the student and the student's parent/guardian were invited to participate, that the student's presence at the school or

at an alternative school would endanger persons or property or threaten to disrupt the instructional process. (Education Code 48911)

c. If the student involved is a foster youth, the Superintendent or designee shall notify the district liaison for foster youth of the need to invite the student's attorney and a representative of the appropriate county child welfare agency to attend the meeting. (Education Code 48853.5, 48911, 48918.1)

d. If the student involved is a homeless child or youth, the Superintendent or designee shall notify the district liaison for homeless students. (Education Code 48918.1)

In lieu of or in addition to suspending a student, the Superintendent, principal, or designee may provide services or require the student to participate in an alternative disciplinary program designed to correct his/her behavior and keep him/her in school.

On-Campus Suspension

A student for whom an expulsion action has not been initiated and who poses no imminent danger or threat to the school, students, or staff may be assigned to on-campus suspension in a separate classroom, building, or site for the entire period of suspension. The following conditions shall apply: (Education Code 48911.1)

1. The on-campus suspension classroom shall be staffed in accordance with law.
2. The student shall have access to appropriate counseling services.
3. The on-campus suspension classroom shall promote completion of schoolwork and tests missed by the student during the suspension.
4. The student shall be responsible for contacting his/her teacher(s) to receive assignments to be completed in the supervised suspension classroom. The teacher(s) shall provide all assignments and tests that the student will miss while suspended. If no such work is assigned, the person supervising the suspension classroom shall assign schoolwork.

At the time a student is assigned to an on-campus suspension classroom, the principal or designee shall notify the student's parent/guardian in person or by telephone. When the assignment is for longer than one class period, this notification may be made in writing. (Education Code 48911.1)

Superintendent or Principal's Authority to Recommend Expulsion

Unless the Superintendent or principal determines that expulsion should not be recommended under the circumstances or that an alternative means of correction would address the conduct, he/she shall recommend a student's expulsion for any of the following acts: (Education Code 48915)

1. Causing serious physical injury to another person, except in self-defense
2. Possession of any knife or other dangerous object of no reasonable use to the student

3. Unlawful possession of any controlled substance as listed in Health and Safety Code 11053-11058, except for (a) the first offense for the possession of not more than one ounce of marijuana, other than concentrated cannabis, or (b) the student's possession of over-the-counter medication for his/her use or other medication prescribed for him/her by a physician
4. Robbery or extortion
5. Assault or battery, as defined in Penal Code 240 and 242, upon any school employee

In determining whether or not to recommend the expulsion of a student, the Superintendent, principal, or designee shall act as quickly as possible to ensure that the student does not lose instructional time. (Education Code 48915)

Student's Right to Expulsion Hearing

Any student recommended for expulsion shall be entitled to a hearing to determine whether he/she should be expelled. The hearing shall be held within 30 school days after the Superintendent, principal, or designee determines that the student has committed the act(s) that form the basis for the expulsion recommendation. (Education Code 48918(a))

The student is entitled to at least one postponement of an expulsion hearing for a period of not more than 30 calendar days. The request for postponement shall be in writing. Any subsequent postponement may be granted at the Board's discretion. (Education Code 48918(a))

If the Board finds it impractical during the regular school year to comply with these time requirements for conducting an expulsion hearing, the Superintendent or designee may, for good cause, extend the time period by an additional five school days. Reasons for the extension shall be included as a part of the record when the expulsion hearing is held. (Education Code 48918(a))

If the Board finds it impractical to comply with the time requirements of the expulsion hearing due to a summer recess of Board meetings of more than two weeks, the days during the recess shall not be counted as school days. The days not counted during the recess may not exceed 20 school days, as defined in Education Code 48925. Unless the student requests in writing that the expulsion hearing be postponed, the hearing shall be held not later than 20 calendar days prior to the first day of the next school year. (Education Code 48918(a))

Once the hearing starts, all matters shall be pursued with reasonable diligence and concluded without unnecessary delay. (Education Code 48918(a))

Stipulated Expulsion

After a determination that a student has committed an expellable offense, the Superintendent, principal, or designee shall offer the student and his/her parent/guardian the option to waive a hearing and stipulate to the expulsion or to a suspension of the expulsion under certain conditions. The offer shall be made only after the

student or his/her parent/guardian has been given written notice of the expulsion hearing pursuant to Education Code 48918.

The stipulation agreement shall be in writing and shall be signed by the student and his/her parent/guardian. The stipulation agreement shall include notice of all the rights that the student is waiving, including the waiving of his/her right to have a full hearing, to appeal the expulsion to the County Board of Education, and to consult legal counsel.

A stipulated expulsion agreed to by the student and his/her parent/guardian shall be effective upon approval by the Board.

Rights of Complaining Witness

An expulsion hearing involving allegations of sexual assault or sexual battery may be postponed for one school day in order to accommodate the special physical, mental, or emotional needs of a student who is the complaining witness. (Education Code 48918.5)

Whenever the Superintendent or designee recommends an expulsion hearing that addresses allegations of sexual assault or sexual battery, he/she shall give the complaining witness a copy of the district's suspension and expulsion policy and regulation and shall advise the witness of his/her right to: (Education Code 48918.5)

1. Receive five days' notice of his/her scheduled testimony at the hearing
2. Have up to two adult support persons of his/her choosing present at the hearing at the time he/she testifies
3. Have a closed hearing during the time he/she testifies

Whenever any allegation of sexual assault or sexual battery is made, the Superintendent or designee shall immediately advise complaining witnesses and accused students to refrain from personal or telephone contact with each other during the time when an expulsion process is pending. (Education Code 48918.5)

Written Notice of the Expulsion Hearing

Written notice of the expulsion hearing shall be forwarded to the student and the student's parent/guardian at least 10 calendar days before the date of the hearing. The notice shall include: (Education Code 48900.8, 48918(b))

1. The date and place of the hearing
2. A statement of the specific facts, charges, and offense upon which the proposed expulsion is based
3. A copy of district disciplinary rules which relate to the alleged violation
4. Notification of the student's or parent/guardian's obligation, pursuant to Education Code 48915.1, to provide information about the student's status in the district to any other district in which the student seeks enrollment

This obligation applies when a student is expelled for acts other than those described in Education Code 48915(a) or (c).

5. The opportunity for the student or the student's parent/guardian to appear in person or be represented by legal counsel or by a non-attorney adviser

Legal counsel means an attorney or lawyer who is admitted to the practice of law in California and is an active member of the State Bar of California.

Nonattorney adviser means an individual who is not an attorney or lawyer, but who is familiar with the facts of the case and has been selected by the student or student's parent/guardian to provide assistance at the hearing.

6. The right to inspect and obtain copies of all documents to be used at the hearing
7. The opportunity to confront and question all witnesses who testify at the hearing
8. The opportunity to question all evidence presented and to present oral and documentary evidence on the student's behalf, including witnesses

Additional Notice of Expulsion Hearing for Foster Youth and Homeless Students

If the student facing expulsion is a foster student, the Superintendent or designee shall also send notice of the hearing to the student's attorney and a representative of an appropriate child welfare agency at least 10 days prior to the hearing. (Education Code 48918.1)

If the student facing expulsion is a homeless student, the Superintendent or designee shall also send notice of the hearing to the district liaison for homeless students at least 10 days prior to the hearing. (Education Code 48918.1)

Any notice for these purposes may be provided by the most cost-effective method possible, including by email or a telephone call. (Education Code 48918.1)

Conduct of Expulsion Hearing

1. Closed Session: Notwithstanding Education Code 35145, the Board shall conduct a hearing to consider the expulsion of the student in a session closed to the public unless the student requests in writing at least five days prior to the hearing that the hearing be a public meeting. If such a request is made, the meeting shall be public to the extent that privacy rights of other students are not violated. (Education Code 48918)

Whether the expulsion hearing is held in closed or public session, the Board may meet in closed session to deliberate and determine whether or not the student should be expelled. If the Board admits any other person to this closed session, the parent/guardian, the student, and the counsel of the student also shall be allowed to attend the closed session. (Education Code 48918(c))

If a hearing that involves a charge of sexual assault or sexual battery is to be conducted in public, a complaining witness shall have the right to have his/her testimony heard in closed session when testifying in public would threaten serious psychological harm to the witness and when there are no alternative procedures to avoid the threatened harm, including, but not limited to, videotaped deposition or contemporaneous examination in another place communicated to the hearing room by closed-circuit television. (Education Code 48918(c))

2. Record of Hearing: A record of the hearing shall be made and may be maintained by any means, including electronic recording, as long as a reasonably accurate and complete written transcription of the proceedings can be made. (Education Code 48918(g))
3. Subpoenas: Before commencing a student expulsion hearing, the Board may issue subpoenas, at the request of either the student or the Superintendent or designee, for the personal appearance at the hearing of any person who actually witnessed the action that gave rise to the recommendation for expulsion. After the hearing has commenced, the Board or the hearing officer or administrative panel may issue such subpoenas at the request of the student or the County Superintendent of Schools or designee. All subpoenas shall be issued in accordance with Code of Civil Procedure 1985-1985.2 and enforced in accordance with Government Code 11455.20. (Education Code 48918(i))

Any objection raised by the student or the Superintendent or designee to the issuance of subpoenas may be considered by the Board in closed session, or in open session if so requested by the student, before the meeting. The Board's decision in response to such an objection shall be final and binding. (Education Code 48918(i))

If the Board determines, or if the hearing officer or administrative panel finds and submits to the Board, that a witness would be subject to unreasonable risk of harm by testifying at the hearing, a subpoena shall not be issued to compel the personal attendance of that witness at the hearing. However, that witness may be compelled to testify by means of a sworn declaration as described in item #4 below. (Education Code 48918(i))

4. Presentation of Evidence: Technical rules of evidence shall not apply to the expulsion hearing, but relevant evidence may be admitted and used as proof only if it is the kind of evidence on which reasonable persons can rely in the conduct of serious affairs. The decision of the Board to expel shall be supported by substantial evidence that the student committed any of the acts pursuant to Education Code 48900 and listed in "Grounds for Suspension and Expulsion: Grades K-6" and "Additional Grounds for Suspension and Expulsion: Grades 4-6" above. (Education Code 48918(h))

Findings of fact shall be based solely on the evidence at the hearing. Although no finding shall be based solely on hearsay, sworn declarations may be admitted as testimony from witnesses whose disclosure of their identity or testimony at the hearing may subject them to an unreasonable risk of physical or psychological harm. (Education Code 48918(f))

In cases where a search of a student's person or property has occurred, evidence describing the reasonableness of the search shall be included in the hearing record.

5. Testimony by Complaining Witnesses: The following procedures shall be observed when a hearing involves allegations of sexual assault or sexual battery by a student: (Education Code 48918, 48918.5)
 - a. Any complaining witness shall be given five days' notice before being called to testify.
 - b. Any complaining witness shall be entitled to have up to two adult support persons, including, but not limited to, a parent/guardian or legal counsel, present during his/her testimony.
 - c. Before a complaining witness testifies, support persons shall be admonished that the hearing is confidential.
 - d. The person presiding over the hearing may remove a support person whom he/she finds is disrupting the hearing.
 - e. If one or both support persons are also witnesses, the hearing shall be conducted in accordance with Penal Code 868.5.
 - f. Evidence of specific instances of prior sexual conduct of a complaining witness shall be presumed inadmissible and shall not be heard unless the person conducting the hearing determines that extraordinary circumstances require the evidence to be heard. Before such a determination is made, the complaining witness shall be given notice and an opportunity to oppose the introduction of this evidence. In the hearing on the admissibility of this evidence, the complaining witness shall be entitled to be represented by a parent/guardian, legal counsel, or other support person. Reputation or opinion evidence regarding the sexual behavior of a complaining witness shall not be admissible for any purpose.
 - g. In order to facilitate a free and accurate statement of the experiences of the complaining witness and to prevent discouragement of complaints, the district shall provide a nonthreatening environment.
 - (1) The district shall provide a room separate from the hearing room for the use of the complaining witness before and during breaks in testimony.
 - (2) At the discretion of the person conducting the hearing, the complaining witness shall be allowed reasonable periods of relief from examination and cross-examination during which he/she may leave the hearing room.
 - (3) The person conducting the hearing may:
 - (a) Arrange the seating within the hearing room so as to facilitate a less intimidating environment for the complaining witness
 - (b) Limit the time for taking the testimony of a complaining witness to the hours he/she is normally in school, if there is no good cause to take the testimony during other hours

(c) Permit one of the support persons to accompany the complaining witness to the witness stand

6. Decision: The Board's decision as to whether to expel a student shall be made within 40 school days after the student is removed from his/her school of attendance, unless the student requests in writing that the decision be postponed. (Education Code 48918(a))

Alternative Expulsion Hearing: Hearing Officer or Administrative Panel

Instead of conducting an expulsion hearing itself, the Board may contract with the county hearing officer or with the Office of Administrative Hearings of the State of California for a hearing officer. The Board may also appoint an impartial administrative panel composed of three or more certificated personnel, none of whom shall be members of the Board or on the staff of the school in which the student is enrolled. (Education Code 48918)

A hearing conducted by the hearing officer or administrative panel shall conform to the same procedures applicable to a hearing conducted by the Board as specified above in "Conduct of Expulsion Hearing," including the requirement to issue a decision within 40 school days of the student's removal from school, unless the student requests that the decision be postponed. (Education Code 48918(a) and (d))

The hearing officer or administrative panel shall, within three school days after the hearing, determine whether to recommend expulsion of the student to the Board. If expulsion is not recommended, the expulsion proceeding shall be terminated and the student shall be immediately reinstated and permitted to return to the classroom instructional program from which the referral was made, unless another placement is requested in writing by the student's parent/guardian. Before the student's placement decision is made by his/her parent/guardian, the Superintendent or designee shall consult with the parent/guardian and district staff, including the student's teachers, regarding other placement options for the student in addition to the option to return to the classroom instructional program from which the student's expulsion referral was made. The decision to not recommend expulsion shall be final. (Education Code 48918(e))

If expulsion is recommended, findings of fact in support of the recommendation shall be prepared and submitted to the Board. All findings of fact and recommendations shall be based solely on the evidence presented at the hearing. The Board may accept the recommendation based either upon a review of the findings of fact and recommendations submitted or upon the results of any supplementary hearing the Board may order. (Education Code 48918(f))

In accordance with Board policy, the hearing officer or administrative panel may recommend that the Board suspend the enforcement of the expulsion. If the hearing officer or administrative panel recommends that the Board expel a student but suspend the enforcement of the expulsion, the student shall not be reinstated and permitted to return to the classroom instructional program from which the referral was made until the Board has ruled on the recommendation. (Education Code 48917, 48918)

Final Action by the Board

Whether the expulsion hearing is conducted in closed or public session by the Board, a hearing officer, or an administrative panel or is waived through the signing of a stipulated expulsion agreement, the final action to expel shall be taken by the Board in public. (Education Code 48918(j))

The Board's decision is final. If the decision is to not expel, the student shall be reinstated immediately. If the decision is to suspend the enforcement of the expulsion, the student shall be reinstated under the conditions of the suspended expulsion.

Upon ordering an expulsion, the Board shall set a date when the student shall be reviewed for readmission to a school within the district. For a student expelled for any act listed under "Mandatory Recommendation and Mandatory Expulsion" above, this date shall be one year from the date the expulsion occurred, except that the Board may set an earlier date on a case-by-case basis. For a student expelled for other acts, this date shall be no later than the last day of the semester following the semester in which the expulsion occurred. If an expulsion is ordered during summer session or the intersession period of a year-round program, the Board shall set a date when the student shall be reviewed for readmission not later than the last day of the semester following the summer session or intersession period in which the expulsion occurred. (Education Code 48916)

At the time of the expulsion order, the Board shall recommend a plan for the student's rehabilitation, which may include: (Education Code 48916)

1. Periodic review, as well as assessment at the time of review, for readmission
2. Recommendations for improved academic performance, tutoring, special education assessments, job training, counseling, employment, community service, or other rehabilitative programs

With parent/guardian consent, students who have been expelled for reasons relating to controlled substances or alcohol may be required to enroll in a county-sponsored drug rehabilitation program before returning to school. (Education Code 48916.5)

Written Notice to Expel

The Superintendent or designee shall send written notice of the decision to expel to the student or parent/guardian. This notice shall include the following:

1. The specific offense committed by the student for any of the causes for suspension or expulsion listed above under "Grounds for Suspension and Expulsion: Grades K-12" or "Additional Grounds for Suspension and Expulsion: Grades 4-6" (Education Code 48900.8)
2. The fact that a description of readmission procedures will be made available to the student and his/her parent/guardian (Education Code 48916)
3. Notice of the right to appeal the expulsion to the County Board (Education Code 48918)

4. Notice of the alternative educational placement to be provided to the student during the time of expulsion (Education Code 48918)
5. Notice of the student's or parent/guardian's obligation to inform any new district in which the student seeks to enroll of the student's status with the expelling district, pursuant to Education Code 48915.1 (Education Code 48918)

Decision to Suspend Expulsion Order

In accordance with Board policy, when deciding whether to suspend the enforcement of an expulsion order, the Board shall take into account the following criteria:

1. The student's pattern of behavior
2. The seriousness of the misconduct
3. The student's attitude toward the misconduct and his/her willingness to follow a rehabilitation program.

The suspension of the enforcement of an expulsion shall be governed by the following:

1. The Board may, as a condition of the suspension of enforcement, assign the student to a school, class, or program appropriate for the student's rehabilitation. This rehabilitation program may provide for the involvement of the student's parent/guardian in the student's education. However, a parent/guardian's refusal to participate in the rehabilitation program shall not be considered in the Board's determination as to whether the student has satisfactorily completed the rehabilitation program. (Education Code 48917)
2. During the period when enforcement of the expulsion order is suspended, the student shall be on probationary status. (Education Code 48917)
3. The suspension of the enforcement of an expulsion order may be revoked by the Board if the student commits any of the acts listed under "Grounds for Suspension and Expulsion: Grades K-6" or "Additional Grounds for Suspension and Expulsion: Grades 4-6" above or violates any of the district's rules and regulations governing student conduct. (Education Code 48917)
4. When the suspension of enforcement of an expulsion order is revoked, a student may be expelled under the terms of the original expulsion order. (Education Code 48917)
5. Upon satisfactory completion of the rehabilitation assignment, the Board shall reinstate the student in a district school. Upon reinstatement, the Board may order the expunging of any or all records of the expulsion proceedings. (Education Code 48917)
6. The Superintendent or designee shall send written notice of any decision to suspend the enforcement of an expulsion order during a period of probation to the student or parent/guardian. The notice shall inform the parent/guardian of the right to appeal the expulsion to the County Board, the alternative educational placement to be provided to the student during the period of

expulsion, and the student's or parent/guardian's obligation to inform any new district in which the student seeks to enroll of his/us with the expelling district, pursuant to Education Code 48915.1(b). (Education Code 48918(j))

7. Suspension of the enforcement of an expulsion order shall not affect the time period and requirements for the filing of an appeal of the expulsion order with the County Board. (Education Code 48917)

Appeal

The student or parent/guardian is entitled to file an appeal of the Board's decision with the County Board. The appeal must be filed within 30 days of the Board's decision to expel, even if the expulsion order is suspended and the student is placed on probation. (Education Code 48919)

If the student submits a written request for a copy of the written transcripts and supporting documents from the district simultaneously with the filing of the notice of appeal with the County Board, the district shall provide the student with these documents within 10 school days following the student's written request. (Education Code 48919)

Notification to Law Enforcement Authorities

Prior to the suspension or expulsion of any student, the principal or designee shall notify appropriate city or county law enforcement authorities of any student acts of assault which may have violated Penal Code 245. (Education Code 48902)

The principal or designee also shall notify appropriate city or county law enforcement authorities of any student acts which may involve the possession or sale of narcotics or of a controlled substance. In addition, law enforcement authorities shall be notified regarding any acts by students regarding the possession, sale, or furnishing of firearms, explosives, or other dangerous weapons in violation of Education Code 48915(c)(1) or (5) or Penal Code 626.9 and 626.10. (Education Code 48902)

Within one school day after a student's suspension or expulsion, the principal or designee shall notify appropriate city or county law enforcement authorities, by telephone or other appropriate means, of any student acts which may violate Education Code 48900(c) or (d), relating to the possession, use, offering, or sale of controlled substances, alcohol, or intoxicants of any kind. (Education Code 48902)

Placement During Expulsion

The Board shall refer expelled students to a program of study that is: (Education Code 48915, 48915.01)

1. Appropriately prepared to accommodate students who exhibit discipline problems
2. Not provided at a comprehensive middle, junior, or senior high school or at any elementary school, unless the program is offered at a community day school established at any of these

3. Not housed at the school site attended by the student at the time of suspension

When the placement described above is not available and when the County Superintendent so certifies, students expelled for only acts described in items #6-12 under "Grounds for Suspension and Expulsion: Grades K-6" and items #1-3 under "Additional Grounds for Suspension and Expulsion: Grades 4-6" above may be referred to a program of study that is provided at another comprehensive middle, junior, or senior high school or at an elementary school. (Education Code 48915)

Readmission After Expulsion

Prior to the date set by the Board for the student's readmission:

1. The Superintendent or designee shall hold a conference with the parent/guardian and the student. At the conference, the student's rehabilitation plan shall be reviewed and the Superintendent or designee shall verify that the provisions of this plan have been met. School regulations shall be reviewed and the student and parent/guardian shall be asked to indicate in writing their willingness to comply with these regulations.
2. The Superintendent or designee shall transmit to the Board his/her recommendation regarding readmission. The Board shall consider this recommendation in closed session. If a written request for open session is received from the parent/guardian or adult student, it shall be honored to the extent that privacy rights of other students are not violated.
3. If the readmission is granted, the Superintendent or designee shall notify the student and parent/guardian, by registered mail, of the Board's decision regarding readmission.
4. The Board may deny readmission only if it finds that the student has not satisfied the conditions of the rehabilitation plan or that the student continues to pose a danger to campus safety or to other district students or employees. (Education Code 48916)
5. If the Board denies the readmission of a student, the Board shall determine either to continue the student's placement in the alternative educational program initially selected or to place the student in another program that serves expelled students, including placement in a county community school.
6. The Board shall provide written notice to the expelled student and parent/guardian describing the reasons for denying readmittance into the regular program. This notice shall indicate the Board's determination of the educational program which the Board has chosen. The student shall enroll in that program unless the parent/guardian chooses to enroll the student in another school district. (Education Code 48916)

No student shall be denied readmission into the district based solely on the student's arrest, adjudication by a juvenile court, formal or informal supervision by a probation officer, detention in a juvenile facility, enrollment in a juvenile court school, or other such contact with the juvenile justice system. (Education Code 48645.5)

Maintenance of Records

The district shall maintain a record of each suspension and expulsion, including its specific cause(s). (Education Code 48900.8)

Expulsion records of any student shall be maintained in the student's mandatory interim record and sent to any school in which the student subsequently enrolls upon written request by that school. (Education Code 48918(k))

The Superintendent or designee shall, within five working days, honor any other district's request for information about an expulsion from this district. (Education Code 48915.1)

H. Suspension and Expulsion / Due Process (Students with Disabilities)

Students

AG 5144.2

A student identified as an individual with disabilities pursuant to the Individuals with Disabilities Education Act (IDEA) is subject to the same grounds for suspension and expulsion which apply to students without disabilities.

Procedures for Students Not Yet Eligible for Special Education Services

A student who has not been officially identified as a student with disabilities pursuant to IDEA and who has engaged in behavior that violated the district's code of student conduct may assert any of the protections under IDEA only if the district had knowledge that the student is disabled before the behavior that precipitated the disciplinary action occurred.

The district shall be deemed to have knowledge that the student has a disability if one of the following conditions exists:

1. The parent/guardian has expressed concern to district supervisory or administrative personnel in writing, or to a teacher of the student, that the student is in need of special education or related services.
2. The parent/guardian has requested an evaluation of the student for special education pursuant to 34 CFR 300.300-300.311.
3. The teacher of the student or other district personnel has expressed specific concerns directly to the district's director of special education or to other supervisory district personnel about a pattern of behavior demonstrated by the student.

The district would be deemed to not have knowledge that a student is disabled if the parent/guardian has not allowed the student to be evaluated for special education services or has refused services. In addition, the district would be deemed to not have knowledge if the district conducted an evaluation pursuant to 34 CFR 300.300-300.311 and determined that the student was not an individual with a disability. When the district is deemed to not have knowledge of the disability, the student shall be disciplined in accordance with procedures established for students without disabilities who engage in comparable behavior.

If a request is made for an evaluation of a student during the time period in which the student is subject to disciplinary measures pursuant to 34 CFR 300.530, the evaluation shall be conducted in an expedited manner. Until the evaluation is completed, the student shall remain in the educational placement determined by school authorities.

Suspension

The Superintendent or designee may suspend a student with a disability for up to 10 consecutive school days for a single incident of misconduct, and for up to 20 school days in a school year, as long as the suspension(s)

does not constitute a change in placement pursuant to 34 CFR 300.536. (Education Code 48903; 34 CFR 300.530)

The principal or designee shall monitor the number of days, including portions of days, in which a student with a valid individualized education program (IEP) has been suspended during the school year.

The Superintendent or designee shall determine, on a case-by-case basis, whether a pattern of removals of a student from his/her current educational placement for disciplinary reasons constitutes a change of placement. A change of placement shall be deemed to have occurred under any of the following circumstances: (34 CFR 300.536)

1. The removal is for more than 10 consecutive school days.
2. The student has been subjected to a series of removals that constitute a pattern because of all of the following:
 - a. The series of removals total more than 10 school days in a school year.
 - b. The student's behavior is substantially similar to his/her behavior in previous incidents that resulted in the series of removals.
 - c. Additional factors, such as the length of each removal, the total amount of time the student has been removed, and the proximity of the removals to one another, indicate a change of placement.

If a student's removal is determined to be a change of placement as specified in items #1-2 above, or the student is suspended for more than 10 school days in the same school year, the student's IEP team shall determine the appropriate educational services. Such services shall be designed to enable the student to continue to participate in the general education curriculum in another setting, to progress toward meeting the goals set out in his/her IEP, and to address the student's behavior violation so that it does not recur. (20 USC 1412(a)(1)(A); 34 CFR 300.530)

If the IEP of a student with a disability requires the district to provide the student with transportation, the district shall provide the student with an alternative form of transportation at no cost to him/her or to his/her parent/guardian when he/she is to be excluded from school bus transportation. (Education Code 48915.5)

Interim Alternative Educational Placement Due to Dangerous Behavior

The district may unilaterally place a student with a disability in an appropriate interim alternative educational setting for up to 45 school days, without regard to whether the behavior is a manifestation of the student's disability, when the student commits one of the following acts while at school, going to or from school, or at a school-related function: (20 USC 1415(k)(1)(G); 34 CFR 300.530)

1. Carries or possesses a weapon, as defined in 18 USC 930.
2. Knowingly possesses or uses illegal drugs.

3. Sells or solicits the sale of a controlled substance as identified in 21 USC 812(c), Schedules I-V.
4. Inflicts serious bodily injury upon another person as defined in 18 USC 1365.

The student's interim alternative educational setting shall be determined by his/her IEP team. (20 USC 1415(k)(1)(G); 34 CFR 300.531)

On the date the decision to take disciplinary action is made, the parents/guardians of the student shall be notified of the decision and provided the procedural safeguards notice pursuant to 34 CFR 300.504. (20 USC 1415(k)(1)(H); 34 CFR 300.530)

A student who has been removed from his/her current placement because of dangerous behavior shall receive services to the extent necessary to allow him/her to participate in the general education curriculum and to progress toward meeting the goals set out in his/her IEP. As appropriate, the student shall also receive a functional behavioral assessment and behavioral intervention services and modifications that are designed to address the behavior violation so that it does not recur. (20 USC 1415(k)(1)(D); 34 CFR 300.530)

Manifestation Determination

The following procedural safeguards shall apply when a student is suspended for more than 10 consecutive school days, when a series of removals of a student constitutes a pattern, or when a change of placement of a student is contemplated due to a violation of the district's code of conduct:

1. Notice: On the date the decision to take disciplinary action is made, the parents/guardians of the student shall be notified of the decision and provided the procedural safeguards notice pursuant to 34 CFR 300.504. (20 USC 1415(k)(1)(H); 34 CFR 300.530)
2. Manifestation Determination Review: Immediately if possible, but in no case later than 10 school days after the date the decision to take disciplinary action is made, a manifestation determination review shall be made of the relationship between the student's disability and the behavior subject to the disciplinary action. (20 USC 1415(k)(1)(E); 34 CFR 300.530)

At the manifestation determination review, the district, the student's parent/guardian, and relevant members of the IEP team (as determined by the district and parent/guardian) shall review all relevant information in the student's file, including the student's IEP, any teacher observations, and any relevant information provided by the parents/guardians, to determine whether the conduct in question was either of the following: (20 USC 1415(k)(1)(E); 34 CFR 300.530)

- a. Caused by or had a direct and substantial relationship to the student's disability.
- b. A direct result of the district's failure to implement the student's IEP, in which case the district shall take immediate steps to remedy those deficiencies.

If the manifestation review team determines that a condition in either #a or #b above was met, the conduct shall then be determined to be a manifestation of the student's disability. (20 USC 1415(k)(1)(E); 34 CFR 300.530)

3. Determination that Behavior is a Manifestation of the Student's Disability: When the conduct has been determined to be a manifestation of the student's disability, the IEP team shall conduct a functional behavioral assessment, unless a functional behavioral assessment had been conducted before the occurrence of the behavior that resulted in the change of placement, and shall implement a behavioral intervention plan for the student. If a behavior intervention plan has already been developed, the IEP team shall review the behavioral intervention plan and modify it as necessary to address the behavior. (20 USC 1415(k)(1)(F); 34 CFR 300.530)

The student shall be returned to the placement from which he/she was removed, unless the parent/guardian and district agree to a change of placement as part of the modification of the behavioral intervention plan. (20 USC 1415(k)(1)(F); 34 CFR 300.530)

4. Determination that Behavior is Not a Manifestation of the Student's Disability: When it has been determined that the student's conduct was not a manifestation of his/her disability, the student may be disciplined in accordance with the procedures for students without disabilities. However, the student's IEP team shall determine services necessary to enable him/her to participate in the general education curriculum in another setting and to allow him/her to progress toward meeting the goals set out in his/her IEP. (20 USC 1415(k)(1)(D); 34 CFR 300.530)

As appropriate, the student also shall receive a functional behavioral assessment and behavioral intervention services and modifications that are designed to address the behavior violation so that it does not recur. (20 USC 1415(k)(1)(D); 34 CFR 300.530)

Due Process Appeals

If the parent/guardian disagrees with any district decision regarding placement under 34 CFR 300.530 (suspension and removal for dangerous circumstances) or 34 CFR 300.531 (interim alternative placement), or the manifestation determination under 34 CFR 300.530(e), he/she may appeal the decision by requesting a hearing. The district may request a hearing if the district believes that maintaining the student's current placement is substantially likely to result in injury to the student or others. In order to request a hearing, the requesting party shall file a complaint pursuant to 34 CFR 300.507 and 300.508(a) and (b). (20 USC 1415(k)(3); 34 CFR 300.532)

Whenever a hearing is requested as specified above, the parent/guardian or the district shall have an opportunity for an expedited due process hearing consistent with requirements specified in 34 CFR 300.507, 300.508 (a)-(c), and 300.510-300.514.

If the student's parent/guardian or the district has initiated a due process hearing under 34 CFR 300.532 as detailed above, the student shall remain in the interim alternative educational setting pending the decision of the hearing officer or until the expiration of the 45-day time period, whichever occurs first, unless the parent/guardian and district agree otherwise. (20 USC 1415(k)(4); 34 CFR 300.533)

Readmission

Readmission procedures for students with disabilities shall be the same as those used for all students. Upon readmission, an IEP team meeting shall be convened.

Decision Not to Enforce Expulsion Order

The Board's criteria for suspending the enforcement of an expulsion order shall be applied to students with disabilities in the same manner as they are applied to all other students. (Education Code 48917)

Notification to Law Enforcement Authorities

Law enforcement notification requirements involving students with disabilities shall be the same as those specified for all students in AR 5144.1 - Suspension and Expulsion/Due Process.

When giving any required notification concerning a student with disabilities to any law enforcement official, the principal or designee shall require the law enforcement official to certify in writing that he/she will not disclose the student's information or records to any other person without the prior written consent of the student's parent/guardian. (Education Code 49076)

Report to County Superintendent of Schools

The Superintendent or designee shall report to the County Superintendent when any special education student has been expelled or suspended for more than 10 school days. The report shall include the student's name, last known address, and the reason for the action. (Education Code 48203)

Procedures for Students Not Yet Eligible for Special Education Services

A student who has not been determined to be eligible for special education and related services and who has violated the district's code of student conduct may nevertheless assert any of the protections under IDEA, if the district had knowledge of the student's disability. (20 USC 1415(k)(5); 34 CFR 300.534)

Knowledge means that, before the occurrence of the behavior that precipitated the disciplinary action, one of the following occurred: (20 USC 1415(k)(5); 34 CFR 300.534)

1. The parent/guardian, in writing, has expressed concern to district supervisory or administrative personnel, or to a teacher of the student, that the student is in need of special education or related services.
2. The parent/guardian has requested an evaluation of the student for special education pursuant to 20 USC 1414(a)(1)(B) or 34 CFR 300.300-300.311.
3. The teacher of the student or other district personnel has expressed specific concerns directly to the district's director of special education or other supervisory district personnel about a pattern of behavior demonstrated by the student.

However, the district shall not be deemed to have knowledge of a student's disability if the student's parent/guardian has not allowed him/her to be evaluated for special education services or has refused services or, after evaluating the student pursuant to 34 CFR 300.300-300.311, the district determined that he/she was not an individual with a disability.

When the district is deemed to not have knowledge of a student's disability, the student shall be disciplined in accordance with procedures established for students without disabilities who engage in comparable behavior. (20 USC 1415(k)(5); 34 CFR 300.534)

If a request is made for an evaluation of a student during the time period in which the student is subject to disciplinary measures pursuant to 34 CFR 300.530, the evaluation shall be conducted in an expedited manner. Until the evaluation is completed, the student shall remain in the educational placement determined by school authorities. (20 USC 1415(k)(5); 34 CFR 300.534)

BP 5132

DRESS AND GROOMING

The Board believes that appropriate dress and grooming contribute to a productive learning environment. The Board expects students to give proper attention to personal cleanliness and to wear clothes that are suitable for the school activities in which they participate. Students' clothing must not present a health or safety hazard or a distraction that would interfere with the educational process.

Students and parents/guardians shall be informed about dress and grooming standards at the beginning of the school year and whenever these standards are revised. A student who violates these standards shall be subject to appropriate disciplinary action.

Gang-Related Apparel

The principal, staff and parents/guardians at a school may establish a reasonable dress code that prohibits students from wearing gang-related apparel when there is evidence of a gang presence that disrupts or threatens to disrupt the school's activities. Such a dress code may be included as part of the school safety plan and must be presented to the Board for approval. The Board shall approve the plan upon determining that it is necessary to protect the health and safety of the school's students.

AG 5132

DRESS AND GROOMING

In cooperation with teachers, students and parents/guardians, the principal or designee shall establish school rules governing student dress and grooming which are consistent with law, Board policy and administrative regulations. These school dress codes shall be regularly reviewed.

Each school shall allow students to wear sun-protective clothing, including but not limited to hats, for outdoor use during the school day. (Education Code 35183.5)

In addition, the following guidelines shall apply to all regular school activities:

1. Shoes must be worn at all times. Open-toed or backless shoes are not acceptable.
2. Clothing, jewelry and personal items (backpacks, fanny packs, gym bags, water bottles etc.) shall be free of writing, pictures or any other insignia which are crude, vulgar, profane, violent or

sexually suggestive, which bear drug, alcohol or tobacco company advertising, promotions and likenesses, or which advocate racial, ethnic or religious prejudice.

3. Hats, caps and other head coverings shall not be worn indoors, except under special circumstances.
4. Clothes shall be sufficient to conceal undergarments at all times and shall fit appropriately. See-through or fish-net fabrics, halter tops, off-the-shoulder or low-cut tops, bare midriffs, and skirts or shorts shorter than mid-thigh are prohibited.

The principal, teachers, and coaches at each school may establish reasonable dress and grooming regulations for times when students are engaged in extracurricular or other school activities. The principal has the final say about the appropriateness of attire.

Gang-Related Apparel

At individual schools that have a dress code prohibiting gang-related apparel at school or school activities, the principal, staff and parents/guardians participating in the development of the school safety plan shall define "gang-related apparel" and shall limit this definition to apparel that reasonably could be determined to threaten the health and safety of the school environment if it were worn or displayed on a school campus. (Education Code 32282)

Because gang-related symbols are constantly changing, definitions of gang-related apparel shall be reviewed and updated whenever related information is received.

VI. EMERGENCY RESPONSE PROCEDURES

A. Purpose and Scope

The Cutten Elementary School District Comprehensive School Safety Plan (CSSP) provides guidance and direction to administration, faculty and staff who have Emergency Management Responsibilities (EMR). The Emergency Response Plan along with the CSSP shall be used during an emergency incident involving at Cutten Elementary School.

Key Emergency Contact

After contacting 911, it is imperative during an emergency to contact the Superintendent as quickly as possible. S/he will respond immediately to the emergency and alert the appropriate members of the District School Safety Team.

Public Agency Use of School Buildings for Emergency Shelters

Through a coordinated effort with local emergency service providers, the district will provide temporary shelter through the use of all school facilities during a community disaster or emergency. District staff will work in a coordinated effort with emergency response providers to promote a safe shelter for community members in need. (California Education Code 32282)

B. Safe School Leadership Team (SSLT)

The Safe School Leadership Team (SSLT) will take charge of the emergency, respond effectively, protect the occupants of the facility and reduce the risk of physical injury, property damage and business interruption.

Standardized Emergency Management System (SEMS) is the system required by Government Code 8607(a) for managing response to multi-agency and multi-jurisdiction emergencies in California. SEMS consists of five organizational levels, which are activated as necessary:

- Field Response
- Local Government
- Operational Area
- Regional
- State

The SSLT carries out the Field Response level of crisis and emergency management. The District School Safety Team functions at the Local Government level in this system. By organizing our crisis response plans according to SEMS/NIMS, both school sites and the district are positioned to integrate services when an incident occurs on an area, regional or state level.

By standardizing key elements of the emergency management system, SEMS/NIMS is intended to:

- Facilitate the flow of information within and between levels of the system.
- Facilitate coordination among all responding agencies.

Use of SEMS/NIMS will improve the mobilization, deployment, utilization, tracking, and demobilization of needed mutual aid resources. Use of SEMS/NIMS will reduce the incident of poor coordination and communications, and reduce resource ordering duplication on multi-agency and multi-jurisdiction responses.

SEMS/NIMS is designed to be flexible and adaptable to varied disasters that occur in California, and to the needs of all emergency responders.

Essential Management Functions: SEMS/NIMS has five essential functions adapted from Incident Command System (ICS). The Field Response uses three primary ICS functions: Incident Command, Logistics, and Operations.

Under the SEMS/NIMS, tasks are delegated to members of the SSLT to handle critical incidents successfully. The SSLT member is then responsible for the task assigned and serves as the manager of the task. This type of delegation allows each manager to focus on just one or two aspects of the incident. These managers then provide information to the incident commander (principal) and assist them in making informed decisions. Using this organizational system during a critical incident creates clear communication channels that will reduce the amount of confusion and chaos. Permanently assigning specific areas of responsibility to members of the SSLT provides each member with the opportunity to specialize in the management of his/her area.

The SEMS/NIMS can also address the uncertainty of exactly who will be in the building during an emergency. When assigning the management of critical roles in the SEMS/NIMS, assign an alternate for each role to assure coverage at all times. This may require some individuals to be responsible for more than one task if the primary manager were out of the building. While the SEMS/NIMS identifies roles for the members of the SSLT, all school faculty members should know their specific functions during an emergency. Teachers with students in class will have specific functions, as will teachers not assigned a class when an emergency occurs. It is imperative to emergency operations that SEMS/NIMS roles and responsibilities are assigned and understood by the SSLT members. The Roles & Responsibilities outlined in this document, will also assist the Incident Commander System if one or more team members/alternates are not available. Local emergency responders use the SEMS/NIMS to manage emergency events. Because of this, a school with assigned roles for administrators and teachers will be able to work more efficiently with local agencies.

Safe School Leadership Team

Depending on staff available, team members may serve multiple roles. For example, the Principal may serve as both Incident Commander and Operations Officer, etc.

In the event of an emergency situation, the SSLT should immediately begin assigned duties. For additional information staff should report to the school office or temporary command center where they will be assigned duties to oversee and provide directions during the emergency situation. The principal and/or designee in charge are to facilitate the following: (1) secure the area, (2) check for damage, (3) assess injury situations, and (4) report findings to Incident Command.

C. Personnel Duties and Responsibilities

In the event of a major disaster, there is no guarantee that emergency medical or fire personnel will be able to immediately respond to school sites. Therefore, the school staff must be prepared to ensure the care and safety of students during the first several hours after a major disaster without outside assistance. It is critical to determine *who* does *what*, *where*, and *how*—before such a disaster occurs.

State of California Government Code, Chapter 8, Division IV, Title I

The State of California Government Code states that all public employees become emergency service workers in the event of a declared emergency. This means that all school district employees will be required to work in this capacity in case a disaster occurs and a state of emergency is declared.

When a school identifies an individual or group that may pose potential harm to themselves or others, the school will convene their **Threat Assessment Management Team (TAMT)**. The task of the TAMT is to assess the level of threat posed, determine what level of response the school site will initiate, what district resources may be required and what response may be needed. This team should work with outside agencies when making referrals under Welfare and Institutions Code 5150. The team will oversee and document the school site's response to threats, 5150 referrals and plan for monitoring or services that may need to occur after the crisis has passed. When engaged in the 5150 referral process, this team becomes a

Student Wellness Team. The team may expand at that point to include other staff, parents or whoever else may be required to monitor the student's well-being when and if returned to school.

H. 2-Way Radio Use

IN CASE OF A BOMB THREAT, DO NOT ACTIVATE RADIOS, AS THE FREQUENCY MAY ACTIVATE THE BOMB.

Our district system is licensed and monitored by the Federal Communications Commission for school business use. In an emergency, effective communication is crucial. Follow these guidelines for radio use:

- Only one signal can be on the frequency at a time. Be sure to monitor the system before transmitting
- Minimize transmissions. Keep sentences short
- Key radio, wait 2 seconds then speak slowly, clearly, within two inches of the radio
- Use clear "sign-off" terms (eg
- During normal use, use only the channel assigned to the school.

VII. EMERGENCY RESPONSE PLANS

A. General Procedures

Emergency Actions are a set of simple directives and alert level procedures that may be implemented across many emergency situations. When an emergency occurs, it is critical that staff members take immediate steps to protect themselves and others. With Emergency Actions in place, staff can follow specific directions without having to learn extensive protocols for each of several dozen different emergency situations. The Incident Commander will decide which Emergency Actions to implement, based on the situation.

The most common immediate emergency actions below are listed below. Staff members must become familiar with each emergency action and be prepared to perform assigned responsibilities. All students must be taught what to do when any of the common emergency actions are implemented.

Type	Definition
STATUS	<p>ALL CLEAR communicates to students and staff that the emergency is over and normal school operations can resume.</p>
	<p>EMERGENCY DAMAGE ASSESSMENT is the inspection process used immediately following an emergency (typically while students and staff are under an EVACUATION order) to determine if it is safe to resume occupancy of school facilities. An EMERGENCY DAMAGE ASSESSMENT should be performed following any event with the potential to cause damage school facilities or equipment.</p>
RESTRICTED MOVEMENT & ACCESS	<p>LOCKDOWN is initiated to isolate students and school staff from danger on or near the campus when movement within the school and within rooms on the campus might put students and staff in jeopardy. LOCKDOWN is used to prevent intruders from entering occupied areas of the buildings.</p> <ul style="list-style-type: none"> ● Lock the doors; ● Close and lock windows, and close blinds or cover windows; ● Turn off lights; ● Silence all electronic devices; ● Remain silent; ● Use strategies to silently communicate with first responders if possible, ● Hide along the wall closest to the exit but out of the view from the hallway (allowing for an ambush of the intruder and for possible escape if the intruder enters the room); and ● Remain in place until the release from lockdown by school administration or evacuated by law enforcement.
	<p>SECURE CAMPUS is implemented as a precautionary measure to ensure the safety of students and staff when there is danger in the surrounding community or a bomb threat is made against the school. SECURE CAMPUS requires that all students and staff take shelter in school buildings and lock all exterior doors. Classroom instruction and/or activity may continue if all classroom and office doors are locked, and all students and staff remain inside through the duration of that event. The school perimeter should be secured.</p>
	<p>SHELTER IN PLACE is implemented when there is a need to isolate students and staff from the outdoor environment to prevent exposure to airborne contaminants. The procedures include closing and sealing doors, windows and vents; shutting down the classroom/building heating, ventilation and air conditioning systems to prevent exposure to the outside air; and turning off pilot lights. SHELTER IN PLACE allows for the free movement of staff and students within the building, although one should not leave the room until further instructions are received. Those in classrooms with exterior passageways must remain in the classroom while SHELTER IN PLACE</p>

REUNIFICATION	<p>STRUCTURED REUNIFICATION is the process used to reunify children with their parents, guardians or caregivers, following a school emergency. B. Active Shooter/Armed Assailant

ACTIVE SHOOTER / ARMED ASSAILANT SITUATIONS

“Active shooter situations” are defined as those where an individual or individuals is “actively engaged in killing or attempting to kill people in a confined and populated area.” *Active shooters / armed assailants frequently use firearms, but attacks of this type can also be made with other types of weapons (knives, swords, etc.). These situations are unpredictable and evolve quickly. Because of this, individuals must be prepared to deal with an active shooter / armed assailant situation before law enforcement personnel arrive on the scene.*

No single response fits all *active shooter / armed assailant situations*; therefore, it is essential all members of the school staff know their options for response and are prepared to act decisively to protect their students and themselves.

ACTIONS – ALL SCHOOL STAFF

1. All employees are authorized to take immediate action to protect themselves and students if they see or hear anything that causes them to believe an active shooter / armed assailant situation is occurring or is about to occur.
 - a. Act immediately if you or your students:
 - hear a sound that might be gunfire.
 - see something that looks like a weapon being carried or used on or near the campus.
 - sense any other indication of active shooter / armed assailant threat.
 - b. Quickly evaluate which option (Run, Hide or Fight) will best protect you and your students.
 - c. Be decisive. Communicate your plan to your students and act quickly.
 - d. Call 911 and the School Office as soon as it is safe to do so.
2. Options: *Run, Hide or Fight*
 - a. RUN: If you can get yourself and your students safely away from danger, do so immediately.
 - Do not evacuate unless you...
 - o know with certainty, the exact location of assailant (do not trust unofficial, second hand accounts),
 - o and can visualize a route that will get your students and yourself safely off campus.
 - Don't carry anything with you.
 - o Police may mistake an item in your hands as a weapon.
 - o Leave everything behind.
 - If you encounter people along the way...
 - o Adults: Warn them and take them with you if you can but don't stop if they refuse to come.

- o Students: Warn any students you encounter and take them with if you. You may use reasonable force to take a student with you *if you can do so without endangering yourself or the other students in your care.*
 - Place terrain and buildings between you and the assailant to cover your escape.
 - Keep going until you are certain you are out of danger.
 - Keep your students with you. Call 911 to report your location and obtain instructions.
- b. HIDE: If you do not know the exact location of the assailant, get your students and yourself into the most secure location available and LOCKDOWN.
- Lock the doors
 - Close and lock windows and close blinds or cover windows;
 - Turn off lights;
 - Barricade the doors with heavy furniture; be sure your barricade covers any glass in or near the door;
 - Silence all electronic devices;
 - Remain silent;
 - Position occupants spread out and out of line of site from room entrance.
 - Prepare to act if the assailant attempts to get in the room;
 - Use text or email to communicate your location, the number of students or staff with you, if you have any wounded and the extent of the injuries;
 - Call 911 as soon as it is safe to do so.
 - Remain in place until evacuated by identifiable law enforcement officers.
- c. FIGHT: Never seek out confrontation with an active shooter / armed assailant. If you are confronted by an active shooter / armed assailant and you have no safer option, take immediate action to disrupt or incapacitate the assailant. If you choose the FIGHT option, commit to your actions.
- If you are in LOCKDOWN (Hide), prepare yourself and your students for the possibility that the assailant may attempt to get in the room you are in.
 - o Construct a strong barricade.
 - o If you have another way out (a window or back door) use it while the assailant is attempting to get in.
 - o If no other exit is available be prepared to disrupt the assailant by throwing objects at the assailant and running for the exit as soon as the assailant enters the room.
 - a. Use items in the environment as improvised weapons (fire extinguishers, staplers, books, cups, etc.)
 - Staff members may consider using aggressive and violent force to surprise and overwhelm the assailant.
3. Call 911 and initiate a school-wide LOCKDOWN announcement as soon as you can do so safely. Work with the people you are with to do both calls simultaneously if possible.

- a. Provide as much information as possible (slow down – be calm):
 - State the emergency: “I hear gunfire.” “I saw...”
 - Give information on people who are wounded.
 - Location of the assailant (if known):
 - Description of the assailant (if known):
 - Your precise location
 - The number of children with you:
- b. Keep the line open, even if you can’t talk, unless instructed by the dispatcher to end the call.

4. Special Topics

- a. Injuries: Your response to injured persons will need to vary given the specific circumstances that are present and the response option (Run, Hide or Fight) you are engaged in.
 - *Run* – If you encounter injured persons while you are trying to get out of danger...
 - And you have children with you, you must place their safety ahead of the injured person. Take note of where the injured person is and report the location as soon as you get to safety.
 - *Hide* – If someone is injured where you are hiding, secure the room before tending to the wounded.
 - As soon as it is safe to do so, apply first aid using any supplies that are available. If necessary, use articles of clothing as improvised dressing for wounds and apply direct pressure to control bleeding.
 - *Fight* – This is always the option of last resort because the probability of injury is highest when you are near the assailant. Commit to your plan. Do not stop to tend to the wounded until it is safe to do so.
 - If your intention is to disrupt the assailant to allow as many people to escape as possible, stick to that plan.
 - If your plan is to incapacitate the assailant, keep fighting until the assailant is incapacitated and the weapon and assailant are under control.
- b. Law Enforcement: If you encounter law enforcement officers...
 - Immediately raise your hands in the air and display your open palms.
 - Don’t run up to officers or attempt to hug or talk to them.
 - Don’t talk unless they ask you a question.
 - Do exactly what they tell you to do.
- c. Weapons: If the assailant loses control of a weapon, exercise extreme care when securing it:
 - Do not pick up the weapon. Law enforcement may shoot you if they see you holding a weapon.

- Secure the weapon by placing an empty trash can over it and sliding it to a location where it can be kept covered and under control until a law enforcement officer can take possession of it.
- d. Ongoing Communication: (School should develop means to safely provide updates to staff to keep them informed during the incident.)
- e. Extended Day Programs / After School Activities: Train all district / site staff involved with student activities and extracurricular programs.

PRINCIPAL OR DESIGNEE ACTIONS:

- Follow the All Staff guidance described above.
- Call 911 and initiate a **LOCKDOWN** announcement as soon as you can do so safely. Work with nearby staff to do them simultaneously if possible.
 - o Include as much actionable information on the announcement as possible.
 - *Example “LOCKDOWN, LOCKDOWN, LOCKDOWN. Man, with a gun on campus. LOCKDOWN now.”*
- If possible, assist emergency personnel.
 - o Assist police in entering the school;
 - o Provide officers with keys, maps and any other information requested.

C. Biological Agent Release

This is an incident involving the discharge of a biological substance in a solid, liquid or gaseous state. Such incidents may include the release of radioactive materials. A biological agent can be introduced through:

- postal mail, via a contaminated letter or package
- a building’s ventilation system
- a small explosive device to help it become airborne
- a contaminated item such as a backpack, book bag, or other parcel left unattended
- the food supplies
- aerosol release (for example, with a crop duster or spray equipment)

Defense against biological release (e.g. anthrax, smallpox, plague, ricin etc.) is difficult because usually appear after some time has lapsed. Indicators that may suggest the release of a biological or chemical substance include multiple victims suffering from: watery eyes, choking or breathing difficulty, twitching or the loss of coordination. Another indicator is the presence of distressed animals or dead birds. Determine which scenario applies and implement the appropriate response procedures.

Outside the building

STAFF ACTIONS:

1. Notify principal.
2. Move students away from immediate vicinity of danger (if outside, implement Take Cover).
3. Segregate individuals who have been topically contaminated by a liquid from unaffected individuals. Send affected individuals to a designated area medical attention.
4. Follow standard student assembly, accounting and reporting procedures.

PRINCIPAL OR DESIGNEE ACTIONS:

1. Initiate **SHELTER IN PLACE**.
2. Shut off HVAC units.
3. Move to central location where windows and doors can be sealed with duct tape.
4. Call 911. Provide location and nature of the emergency and school actions taken.
5. Turn on radio and listen for instructions.
6. Complete the Biological and Chemical Release Response Checklist
7. Remain inside the building until it is safe to leave.

Inside the building

STAFF ACTIONS:

1. Notify principal or site administrator.
2. Segregate individuals who have been topically contaminated by a liquid from unaffected individuals.
3. Implement **EVACUATION** or **OFF-SITE EVACUATION**, as appropriate. Send affected individuals to a designated area for medical attention.
4. Follow standard student assembly, accounting and reporting procedures.
5. Prepare a list of those who are in the affected area to provide to emergency response personnel.

PRINCIPAL OR DESIGNEE ACTIONS:

1. Initiate **EVACUATION** of building or **OFF-SITE EVACUATION** to move students away from immediate vicinity of danger.
2. Move up-wind from the potential danger.
3. Call 911. Provide exact location and nature of emergency.
4. Designate security team to isolate and restrict access to potentially contaminated areas.
5. Wait for instructions from emergency responders-- Health or Fire Department.
6. Complete the Biological and Chemical Release Response Checklist
7. Wait to return to the building until it has been declared safe by local HazMat or appropriate agency.

THOSE WHO HAVE DIRECT CONTACT WITH BIOLOGICAL AGENT:

1. Wash affected areas with soap and water.
2. Immediately remove and contain contaminated clothing

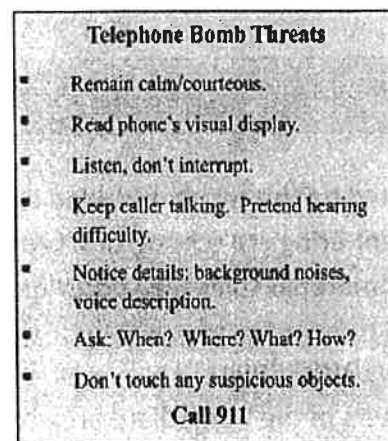

3. Do not use bleach on potentially exposed skins.
4. Remain in safe, but separate area, isolated from those who are unaffected, until emergency response personnel arrive.

D. Bomb Threat

If the school receives a bomb threat by telephone, follow the Bomb Threat Checklist on the next page to document information about the threat. Keep the caller on the telephone if possible and listen carefully to all information the caller provides. Make a note of any voice characteristics, accents, or background noises and complete the Bomb Threat Report as soon as possible.

PERSON RECEIVING THREAT BY TELEPHONE:

1. Listen. Do not interrupt caller.
2. Keep the caller on the line with statements such as *"I am sorry, I did not understand you. What did you say?"*
3. Alert someone else by prearranged signal to notify the telephone company to trace the call while the caller is on the line.
4. Complete the Bomb Threat Checklist.

PERSON RECEIVING THREAT BY MAIL:

1. Note the way the threat was delivered, where it was found and who found it.
2. Limit handling of item by immediately placing it in an envelope so that fingerprints may be detected. Written threats should be turned over to law enforcement.
3. Caution students against picking up or touching any strange objects or packages.
4. Notify principal or site administrator.

PRINCIPAL/SITE ADMINISTRATOR ACTIONS:

1. Call 911.
2. If the caller is still on the phone, contact the phone company to trace the call. Tell the telephone operator the name of school, name of caller, phone number on which the bomb threat came in. This must be done quickly since the call cannot be traced once the caller has hung up.
3. Instruct staff and students to turn off any pagers, cellular phones or two-way radios. Do not use those devices during this threat since explosive devices can be triggered by radio frequencies.
4. Determine whether to evacuate the threatened building and adjoining buildings. If the suspected bomb is in a corridor, modify evacuation routes to bypass the corridor.

5. Use the intercom, personal notification by designated persons, or the PA system to evacuate the threatened rooms.
6. If it is necessary to evacuate the entire school, use the fire alarm.
7. Call sheriff to look for suspicious packages, boxes or foreign objects.
8. Do not return to the school building until it has been inspected and determined safe by proper authorities.
9. Avoid publicizing the threat any more than necessary.

STAFF ACTIONS:

1. Evacuate students as quickly as possible, using primary or alternate routes.
2. Upon arrival at the designated safe site, take attendance. Notify the principal or designee of any missing students.
3. Do not return to the building until emergency response officials determine it is safe.

E. Chemical Accident Procedure

This incident could be the result of spilled cleaning chemicals within the school building, in the school lab, a material a student brings to school, or a broken gas main. Any such accidents could endanger the students and staff. Hazardous material spills may occur inside a building, such as a spill in a chemistry lab.

PERSON DISCOVERING SPILL:

1. Alert others in the immediate area to leave the area.
2. Close windows and doors and restrict access to affected area(s).
3. Notify principal or designee.
4. DO NOT eat or drink anything or apply cosmetics.

PRINCIPAL OR DESIGNEE ACTIONS:

1. Notify Fire Department and the Department of Public Health. Provide the following information:
 - a. School name and address, including nearest cross street(s)
 - b. Location of the spill and/or materials released; name of substance, if known
 - c. Characteristics of spill (color, smell, visible gases)
 - d. Injuries, if any
 - e. Your name and telephone number
2. Notify Maintenance personnel to shut off mechanical ventilating systems.
3. If necessary, proceed with school **EVACUATION** using primary or alternate routes, avoiding exposure to the chemical fumes.
4. Post a notice on the school office door stating location of evacuation site.
5. Use Parent Telephone Alert System (One Call Now), if appropriate to send brief description of the emergency, how it was handled, and, if appropriate, what steps are being taken in its aftermath.

STAFF ACTIONS:

1. If **EVACUATION** is implemented, direct all students to report to nearest designated building or assembly area. Take class roster and emergency backpack and student kits. Check that all students have left the building. Students are not to be left unattended at any time during evacuation process. Students are to remain quiet during evacuation.
2. Upon arrival at evacuation site, take attendance. Notify principal or designee of any missing students.
3. Upon arrival at evacuation site, take roll and report attendance to Principal immediately. Notify emergency response personnel of any missing students.
4. Do not return to the building until emergency response personnel have determined it is safe.

F. Duck, Cover, and Hold On

DUCK, COVER AND HOLD ON is the action taken during an earthquake to protect students and staff from flying and falling debris. It is appropriate action for:

- Earthquake
- Explosion

ANNOUNCEMENT:

The following announcement will be made over the public-address system and by teachers in classrooms:

Example: "Attention please. **DUCK, COVER AND HOLD.** Get under a table or desk, away from windows and anything that could fall and hurt you. Hold that position until the shaking stops or until you receive further instructions."

STAFF AND STUDENT ACTIONS:

Inside

1. Instruct students to move away from windows.
2. Immediately drop to the floor under desks, chairs or tables. With back to windows, place head between knees, hold on to a table leg with one hand and cover the back of the neck with the other arm.
3. Remain in place until shaking stops or for at least 20 seconds. When quake is over, leave building. Do not run. Avoid routes with architectural overhangs. Do not re-enter building until declared safe by competent authority.

Outside

1. Instruct students to move away from buildings, trees, overhanging wires and **DUCK, COVER and HOLD ON.**
2. Upon the command **DUCK, COVER AND HOLD ON**, immediately move away from objects which might topple over, drop to the ground or get under a table close by, place head between knees, and cover back of neck with arms and hands.
3. Remain in place until shaking stops or for at least 20 seconds.

G. Earthquake Procedure

Earthquakes strike without warning. Fire alarms or sprinkler systems may be activated by the shaking. The effect of an earthquake from one building to another will vary. Elevators and stairways will need to be inspected for damage before they can be used. The major shock is usually followed by numerous aftershocks, which may last for weeks.

The major threat of injury during an earthquake is from falling objects, glass shards and debris. Many injuries are sustained while entering or leaving buildings. Therefore, it is important to quickly move away from windows, free-standing partitions and shelves and take the best available cover under a sturdy desk or table, in a doorway or against an inside wall. All other actions must wait until the shaking stops. If persons are protected from falling objects, the rolling motion of the earth may be frightening but not necessarily dangerous.

Inside Building

PRINCIPAL OR DESIGNEE ACTIONS:

1. Direct inspection and assessment of school buildings. Report building damage and suspected breaks in utility lines or pipes to fire department responders.
2. Send search and rescue team to look for trapped students and staff.
3. Instruct staff to keep students a safe distance away from building entrances to assure no one re-enters.
4. Determine who will inform public information media as appropriate.
5. Do NOT re-enter building until it is determined to be safe by appropriate facilities inspector.
6. Determine whether to close school. If school must be closed, notify staff members, students and parents.

STAFF ACTIONS:

1. Give **DROP, COVER and HOLD ON** command. Instruct students to move away from windows, bookshelves and heavy suspended light fixtures. Get under table or other sturdy furniture with back to windows.
2. Check for injuries, and render First Aid.
3. After shaking stops, **EVACUATE** building. Avoid evacuation routes with heavy architectural ornaments over the entrances. Do not return to the building. Bring attendance roster and emergency backpack.
4. Check attendance at the assembly area. Report any missing students to principal or designee.
5. Warn students to avoid touching electrical wires and keep a safe distance from any downed power lines.
6. Stay alert for aftershocks
7. Do NOT re-enter building until it is determined to be safe.

Outside Building

STAFF ACTIONS:

1. Move students away from buildings, trees, overhead wires, and poles. Get under table or other sturdy furniture with back to windows. If not near any furniture, drop to knees, clasp both hands behind neck, bury face in arms, make body as small as possible, close eyes, and cover ears with forearms. If notebooks or jackets are handy, hold over head for added protection. Maintain position until shaking stops.
2. After shaking stops, check for injuries, and render first aid.
3. Check attendance. Report any missing students to principal or designee.
4. Stay alert for aftershocks.
5. Keep a safe distance from any downed power lines
6. Do NOT re-enter building until it is determined to be safe.
7. Follow instructions of principal or designee.

During non-school hours

PRINCIPAL OR DESIGNEE ACTIONS:

1. Inspect school buildings with Maintenance personnel to assess damage and determine corrective actions.
2. Notify fire department and utility company of suspected breaks in utility lines or pipes.
3. If school must be closed, notify staff members, students and parents. Arrange for alternative learning arrangement such as portable classrooms if damage is significant and school closing will be of some duration.
4. Determine who will inform public information media as appropriate.

H. Evacuation (On-Site)

EVACUATION is implemented when conditions make it unsafe to remain in the building. This ACTION provides for the orderly movement of students and staff along prescribed routes from inside school buildings to a designated outside area of safety. **EVACUATION** is considered appropriate for, but is not limited to, the following types of emergencies:

- Fire
- Bomb threat
- Chemical accident
- Explosion or threat of explosion
- Post earthquake

See next page for how to assist those with disabilities during an evacuation.

See also: **OFF-SITE EVACUATION**, which is implemented when it is not safe to remain on the school campus and **REVERSE EVACUATION**, when it is unsafe to remain outside.

ANNOUNCEMENT:

1. Fire alarm.
2. Provided time is available, make an announcement over the public-address system:

Example: "Attention please. We need to EVACUATE all buildings. Teachers are to take their students to the Assembly Area. Students please remain with your teacher."

3. Implement Special Needs Evacuation Plan.
4. Use walkie-talkies to deliver additional instructions to teachers in hold areas.

PRINCIPAL OR DESIGNEE:

1. The Assembly Area should be a safe location on the school campus away from the building and emergency response equipment that may arrive at the school. If unsafe for the current emergency, designate an alternate Assembly Area.
2. When clearance to return to the buildings is determined or received from appropriate agencies, announce **ALL CLEAR** to return to classrooms and resume school activities.
3. Use Parent Telephone Alert System (One Call Now), if appropriate to send brief description of the emergency, how it was handled, and, if appropriate, what steps are being taken in its aftermath.

STAFF ACTIONS:

1. Instruct students to leave the building in an orderly manner using the designated evacuation routes and reassemble in the assigned Assembly Area.
2. Take the emergency backpack and student roster when leaving the building and take attendance when the class is reassembled in a safe location. Report attendance to the Incident Commander/designee.
3. Remain in the Assembly Area until further instructions are given.
4. Wait for another ACTION or the **ALL CLEAR** instruction to return to school buildings and normal class routine.

HOW TO ASSIST THOSE WITH DISABILITIES DURING AN EVACUATION

The needs and preferences of non-ambulatory individuals will vary. Some people may have minimal ability to move, and lifting may be dangerous. Some non-ambulatory people also have respiratory complications.

Remove them from smoke and vapors immediately

To alert visually-impaired individuals

1. Announce the type of emergency.
2. Offer your arm for guidance.
3. Tell person where you are going, obstacles you encounter.
4. When you reach safety, ask if further help is needed.

To alert individuals with hearing limitations

1. Turn lights on/off to gain person's attention -OR-
2. Indicate directions with gestures -OR-
3. Write a note with evacuation directions.

To evacuate individuals using crutches, canes, walkers, or wheelchairs

1. Evacuate these individuals as injured persons.
2. Assist and accompany to evacuation site, if possible -OR-
3. Use a sturdy chair (or one with wheels) to move person -OR-
4. Help carry individual to safety if necessary.

I. Evacuation (Off-Site)

OFF-SITE EVACUATION is implemented when it is unsafe to remain on the school campus, and evacuation to an off-site assembly area is required. This ACTION provides for the orderly movement of students and staff along prescribed routes from inside school buildings to a designated area of safety. **OFF-SITE EVACUATION** is considered appropriate for, but is not limited to, the following types of emergencies:

- Fire
- Bomb threat
- Chemical accident
- Explosion or threat of explosion
- Post earthquake

OFF-SITE EVACUATION may require **DIRECTED TRANSPORTATION**.

See also **EVACUATION** and **REVERSE EVACUATION**, implemented when it is unsafe to remain outside.

ANNOUNCEMENT:

1. Fire alarm (bell or horn signal).
2. Make an announcement over the public-address system:

Example: "Attention please. We need to institute an OFF-SITE EVACUATION Teachers are to take their students to the designated offsite assembly area. Students are to remain with their teacher."

PRINCIPAL OR DESIGNEE ACTIONS:

1. Determine the safest method for evacuating the campus. This may include the use of school bus or simply walking to the designated off-site location.
2. Call 911. Provide school name and location of off-site evacuation, reason for evacuation, number of staff and students being evacuated.
3. When clearance is received from appropriate agencies, give the **ALL CLEAR** instruction and authorize students and staff to return to the classrooms.
4. Use Parent Telephone Alert System (One Call Now), if appropriate to send brief description of the emergency, how it was handled, and, if appropriate, what steps are being taken in its aftermath.

STAFF ACTIONS:

1. Take attendance before leaving campus. Instruct students to evacuate the building, following designated routes, and assemble in their assigned offsite Assembly Area. Bring along the emergency classroom backpack.
2. If walking to a nearby site, keep students lined up in an orderly fashion and walk away from the danger. The procession should follow the safest route to the evacuation site.
3. Take the student roster when leaving the building. Take attendance when the class is reassembled in a safe offsite location. Report attendance to Principal/designee.
4. Remain in place until further instructions are given.

Structured Reunification

STAFF ACTIONS:

1. Ensure student identification necklaces are distributed and worn by all students.
2. Students remain in classroom or at the Assembly Area with the classroom teacher or teacher buddy until the Reunification Team Member calls for specific student(s).
3. Reunification Team Member will escort student(s) to the designated Release Point.
4. Student will be released to parent/guardian or identified emergency contact.
5. Release Team will document each student as he/she is released; to whom the student(s) is released; and the time of release.

J. Explosion

Emergency response will depend on the type of explosion (smoke bomb, chemical lab incident, etc.) and proximity to the school. All students should be kept away from the explosion and under supervision.

PRINCIPAL OR DESIGNEE:

1. Determine whether site evacuation should be implemented. If so, sound fire alarm. This will automatically implement action to **EVACUATE** the building. **EVACUATION** may be warranted in some buildings, but others may be used for **SHELTER IN PLACE**.
2. Notify Fire Department (call 911). Provide school name, address, exact location within the building, your name and phone number and nature of the emergency.
3. Secure area to prevent unauthorized access until the Fire Department arrives.
4. Notify emergency response personnel of any missing students.
5. Notify utility company of breaks or suspected breaks in utility lines or pipes. Provide school name, address, location within building, your name and phone.
6. Direct a systematic, rapid and thorough approach to search the building and surrounding areas. Check classrooms and work areas, public areas (foyers, offices, bathrooms and stairwells), unlocked closets, exterior areas (shrubbery, trash cans, debris boxes) and power sources (computer rooms, gas valves, electric panels, telephone panels).
7. Determine if Student Release should be implemented. If so, notify staff, students and parents.

8. If damage requires the school to be closed, notify parents and staff of school status and alternate site for classroom instruction. Do not return to the school building until it has been inspected and determined safe by proper authorities.

STAFF ACTIONS:

1. Initiate **DROP, COVER AND HOLD ON**.
2. If explosion occurred inside the school building, **EVACUATE** to outdoor assembly area. Keep students and staff at a safe distance from the building(s) and away from fire-fighting equipment.
3. Check to be sure all students have left the school site. Remain with students throughout evacuation process.
4. Upon arrival at assembly area, check attendance. Report status to site administrator immediately.
5. Render first aid as necessary.
6. Do not return to the building until the emergency response personnel determine it is safe to do so.
7. If explosion occurred in the surrounding area, initiate **SHELTER IN PLACE**. Keep students at a safe distance from site of the explosion.

K. Fire

Should any fire endanger the students or staff, it is important to act quickly and decisively to prevent injuries and contain the spread of the fire. All doors leading to the fire should be closed. Do not re-enter the area for belongings. If the area is full of smoke, students and employees should be instructed to crawl along the floor, close to walls, which will make breathing easier and provide direction. Before opening any door, place a hand an inch from the door near the top to see if it is hot. Be prepared to close the door quickly at the first sign of fire. All fires, regardless of their size, which are extinguished by school personnel, require a call to the Fire Department to indicate that the "fire is out".

Within School Building

PRINCIPAL OR DESIGNEE ACTIONS:

1. Sound the fire alarm to implement **EVACUATION** of the building.
2. Immediately **EVACUATE** the school using the primary or alternate fire routes.
3. Notify the Fire Department (call 911).
4. Direct search and rescue team to be sure all students and personnel have left the building.
5. Ensure that access roads are kept open for emergency vehicles.
6. Notify appropriate utility company of suspected breaks in utility lines or pipes.
7. If needed, notify bus dispatch for **OFF-SITE EVACUATION**.
8. Do not allow staff and students to return to the building until the Fire Department declares that it is safe to do so.

STAFF ACTIONS:

1. **EVACUATE** students from the building using primary or alternate fire routes. Take emergency backpack and student kits. Maintain control of the students a safe distance from the fire and firefighting equipment.
2. Take attendance. Report missing students to the Principal/designee and emergency response personnel.
3. Maintain supervision of students until the Fire Department determines it is safe to return to the school building.

Near the School

PRINCIPAL OR DESIGNEE ACTIONS:

1. Notify the Fire Department (call 911). The Fire Marshall will direct operations once on site.
2. Determine the need to implement an **EVACUATION**. If the fire threatens the school, execute the actions above. If not, continue with school routine.

L. Flood

Flooding could threaten the safety of students and staff whenever storm water or other sources of water threaten to inundate school grounds or buildings. Flooding may occur if a water pipe breaks or prolonged rainfall causes urban streams to rise. Flooding may also occur because of damage to water distribution systems such as failure of a dam or levee. If weather-related, an alert message will be broadcast over the weather radio station.

PRINCIPAL OR DESIGNEE ACTIONS:

1. Issue **STAND BY** instruction. Determine if evacuation is required.
2. Notify local police department of intent to **EVACUATE**, the location of the safe evacuation site and the route to be taken to that site.
3. Delegate a search team to assure that all students have been evacuated.
4. Issue **OFF SITE EVACUATION** instruction if students will be evacuated to a safer location by means of buses and cars.
5. Post a notice on the office door stating where the school has relocated.
6. Monitor AM radio weather station KINS for flood information.
7. Do not allow staff and students to return to the building until proper authorities have determined that it is safe to do so.

STAFF ACTIONS:

1. If warranted, **EVACUATE** students using evacuation plan. Take the class roster, emergency backpack and student comfort kits. Take attendance before leaving the campus.
2. Remain with students throughout the evacuation process.

3. Upon arrival at the safe site, take attendance. Report any missing students to principal or designee and emergency response personnel.
4. Do not return to school building until it has been inspected and determined safe by property authorities.

BUS DRIVER ACTIONS:

1. If evacuation is by bus, DO NOT drive through flooded streets and/or roads. DO NOT attempt to cross bridges, overpasses or tunnels that may be damaged by flooding.

M. Gas Odor/Fumes

All school personnel, including cafeteria managers and custodians, shall immediately report any gas odor or suspected gas leak to the principal. If an odor is detected outside the building, it may not be necessary to evacuate.

STAFF ACTIONS:

1. Notify principal.
2. Move students from immediate vicinity of danger.
3. Do not turn on any electrical devices such as lights, computers, fans, etc.
4. If odor is severe, leave the area immediately.
5. If the building is evacuated, take student attendance and report any missing students to Principal or designee.

PRINCIPAL OR DESIGNEE ACTIONS:

1. If gas leak is internal, evacuate the building immediately.
2. Call 911.
3. Notify utility company.
4. Determine whether to move to alternate building location.
5. If extended stay outdoors in inclement weather, contact transportation to provide bus to transport students to partner school or shelter students on buses.
6. Do not return to the building until it has been inspected and determined safe by proper authorities.

N. Hazardous Materials

The nature of the material and the proximity of the incident to the school site will determine which emergency ACTION should be implemented. Police, Fire or Public Health Department may order **EVACUATION** of the school. See also **BIOLOGICAL AGENT RELEASE** and **CHEMICAL ACCIDENT**.

PRINCIPAL OR DESIGNEE ACTIONS:

1. Call 911, if necessary.

2. If there is a threat of airborne toxicity, shut-off ventilation system in affected area.
3. Initiate **EVACUATION**. Any toxic cloud that can affect students in their classrooms would very likely affect them outside on the school grounds as well. If evacuating by foot, move crosswind to avoid fumes, never upwind or downwind.
4. Isolate anyone suspected of being contaminated with a substance that could be transferred to others until public safety personnel carry out decontamination procedures.
5. If time is available, initiate **OFF SITE EVACUATION**, which may include the use of busses. Move students and staff away from the path of the hazardous materials.
6. Wait for instructions from emergency responders-- Health or Fire Department.
7. Do not allow the return of students to the school grounds or buildings until public safety officials declare the area safe.
8. Upon return to school, ensure that all classrooms are adequately aired.

TEACHER ACTIONS:

1. Follow standard student assembly, accounting and reporting procedures.
2. Report names of missing students to office.
3. Do not take unsafe actions such as returning to the building before it has been declared safe.

O. Hostage Situation

Hostage situations may unfold rapidly in a variety of ways. Events may range from a single perpetrator with a single hostage to several perpetrators with many hostages. Specific actions by school staff will be limited pending arrival of law enforcement officers. It is their responsibility to bring the situation to a successful conclusion. When as much of the school has been evacuated as can be accomplished, school staff should focus on providing support as needed to the police department, communicating with parents, and providing counseling for students.

PRINCIPAL OR DESIGNEE ACTIONS

1. Call 911. Provide all known essential details of the situation:
2. Number of hostage takers and description
3. Type of weapons being used
4. Number and names of hostages
5. Any demands or instructions the hostage taker has given
6. Description of the area
7. Identify an assembly area for responding officers away from the hostage situation. Have school liaison wait at assembly area for police to arrive.
8. Protect building occupants before help arrives by initiating a **LOCKDOWN** or **EVACUATION** (or combination of both) for all or parts of the building.
9. Secure exterior doors from outside access.
10. When police arrive, assist them in a quiet, orderly evacuation away from the hostage situation.

11. Gather information on students and/or staff involved and provide the information to the police. If the parent of a student is involved, gather information about the child.
12. Identify media staging area, if appropriate. Implement a hotline for parents.
13. Account for students as they are evacuated.
14. Provide recovery counseling for students and staff.

STAFF ACTIONS:

1. If possible, assist in evacuating students to a safe area away from the danger. Protect students by implementing a **LOCKDOWN**.
2. Alert the principal or designee.
3. Account for all students.

P. Intruder Procedure

All public schools are required to post signs at points of entry to their campuses or buildings from streets and parking lots. The following statement should be used on signage:

All visitors entering school grounds on school days between 8:00 a.m. and 4:00 p.m. must register at the Main Office. Failure to do so may constitute a misdemeanor.

-- California Penal Code Title 15, Chapter 1.1 § 627.2

To prevent intruders on campus, keep doors secure, use sign-in sheets for visitors and cameras and staff to monitor entryways.

PRINCIPAL OR DESIGNEE ACTIONS:

Initiate **LOCKDOWN**.

1. Request intruder to leave campus. Remain calm. Be courteous and confident. Keep distance from the intruder. Speak in soft, non-threatening manner. Avoid hostile-type actions, except in cases when necessary to safeguard person or property. Listen to the intruder. Give him or her an opportunity to vent. Attempt to be helpful. When talking to the intruder, use phrases such as:
 - “What can we do to make this better?”*
 - “I understand the problem, and I am concerned.”*
 - “We need to work together on this problem.”*
2. As soon as the conversation or actions of the individual become threatening or violent, call 911 immediately. Provide description and location of intruder.
3. Keep subject in view until police or law enforcement arrives.
4. Take measures to keep subject away from students and building.
5. Designate a staff member to coordinate with public safety at their command post; provide a site map and keys to public safety personnel.
6. When scheduling a meeting with an individual known to be aggressive, arrange for another staff member or law enforcement officer to be present.
7. Be available to deal with the media and bystanders and keep site clear of visitors.

STAFF ACTIONS:

1. Notify the principal or designee. Provide description and location of the intruder. Visually inspect the intruder for indications of a weapon.
2. Keep intruder in view until police or law enforcement arrives. Stay calm. Do not indicate any threat to the intruder.
3. Isolate intruder from students. Lock classroom and office doors. Close blinds and stay clear of windows and panes of glass. Remain inside rooms until the **ALL CLEAR** instruction is announced.

Q. Lockdown

LOCKDOWN is initiated to isolate students and school staff from danger when there is a crisis inside the building and movement within the school might put students and staff in jeopardy. **LOCKDOWN** is used to prevent intruders from entering occupied areas of the building. The concept of **LOCKDOWN** is no one in, no one out. All exterior doors are locked, and students and staff must remain in the classrooms or designated locations always. Teachers and other school staff are responsible for accounting for students and ensuring that no one leaves the safe area. **LOCKDOWN** is not normally preceded with an announcement. This ACTION is considered appropriate for, but is not limited to, the following types of emergencies:

- Gunfire
- Rabid animal at large
- Extreme violence outside the classroom

LOCKDOWN differs from **SHELTER-IN-PLACE** because it does not involve shutting down the HVAC systems and does not allow for the free movement within the building.

ANNOUNCEMENT:

Make an announcement in person directly or over the public-address system:

Example: "Attention please. We have an emergency and must implement **LOCKDOWN** procedures. Students go immediately to the nearest classroom. Teachers lock classroom doors and keep all students inside the classroom until further notice. Do not open the door until notified by an administrator or law enforcement."

PRINCIPAL OR DESIGNEE ACTIONS:

1. Make the announcement. Instruct teachers and staff to immediately lock doors and remain in the classroom or secured area until further instructions are provided.
2. Call 911. Provide location, status of campus, all available details of situation.
3. When clearance is received from appropriate agencies, give the **ALL CLEAR** instruction to indicate that it is safe to unlock the doors and return to the normal class routine.
4. Use Parent Telephone Alert System (One Call Now), if appropriate to send brief description of the emergency, how it was handled, and, if appropriate, what steps are being taken in its aftermath.

STAFF ACTIONS:

1. If it is safe to clear the hallways, bathrooms and open areas, direct students to the closest safe classroom.
2. Immediately lock doors and instruct students to lie down on the floor.
3. Close any shades and/or blinds if it appears safe to do so.
4. Remain quiet and calm in the classroom or secured area until further instructions are provided by the principal or law enforcement.

STUDENT ACTIONS:

1. Move quickly and quietly to the closest safe classroom.
2. If rooms are locked, immediately hide in the closest safe zone: bathroom, janitorial closet, office area, Library. Lock the door or move furniture or trash can to bar access to the room. Remain quiet until further instructions are provided by the principal or police.

R. Power Outage (Planned and Unplanned)

Failure of any of the utilities (electricity, gas, water) during school hours constitutes a condition that must be dealt with on a situational basis. Advance notice may be received from a utility company regarding loss of service. In many cases, such loss of service will be of short duration and require no special action other than notifying staff of the temporary interruption of service.

PRINCIPAL OR DESIGNEE ACTIONS:

Notify utility company. Provide the following information:

- Affected areas of the school site
- Type of problem or outage
- Expected duration of the outage, if known
- Determine length of time service will be interrupted.
- Determine desired action, which may include relocation of students and staff, notification of parents, and alternate food service.
- If disruption in service will severely hamper school operation, notify students and staff by appropriate means.
- Use messengers with oral or written word as an alternate means of faculty notification.
- Notify District Office of loss of service.
- Implement plan to provide services without utilities or with alternate utilities.____

Plan for Loss of Electricity

Phones: Fax line and/or cell phones will be used since main phone system is dependent on power.____

Communication: School marquees, SchoolWise mass communication, and social media will be used to communicate plans with parents/guardians

Emergency Light: Battery powered lights are available in classrooms without sufficient natural light

Heating: Superintendent or designee will determine case by case if the temperature warrants closer due to low temperatures in the classrooms _____

Closure: School is cancelled on the second day of a power outage unless power is restored by 6:00am, or if the superintendent or designee determines school should not be in session during the outage. _____

S. Secure Campus

SECURE CAMPUS is implemented when the threat of violence or police action in the surrounding community requires precautionary measures to ensure the safety of staff and students. When a campus is in **SECURE CAMPUS** status, classroom instruction and/or activity may continue if all classroom and office doors are locked, and all students and staff remain inside through the duration of that event. Outer gates and other entrance/exit points can be closed (**NOT LOCKED**) to deter a potential perpetrator from entering school grounds.

This response is considered appropriate for, but not limited to, the following types of emergencies:

1. Potential threat of violence in the surrounding community
2. Police activity in the surrounding community

A **SECURE CAMPUS** response may be elevated to **LOCKDOWN** in which case, instruction immediately ceases, and students and staff follow **LOCKDOWN** procedures.

Secure Campus is a precautionary measure against the threat of potential violence in the surrounding community. Secure Campus requires locking all classroom/office doors and closing entrance and exit points on the school's perimeter. The objective is to protect against a potential community threat coming onto campus. Secure Campus differs from Lockdown in that it allows classroom instruction to continue.

SECURE CAMPUS:

1. Is intended to prevent a potential community threat from entering campus
2. Heightens school safety while honoring instructional time
3. Requires that all exterior classroom / office doors are locked
4. Requires that no one goes in or out for any reason
5. Requires that students and staff remain in Secure Campus status until **ALL CLEAR** is issued by administration

PRINCIPAL OR DESIGNEE ACTIONS:

Make public address announcement. Instruct teachers and staff to immediately lock doors and remain in the classroom or secured area until further instructions are provided

Example: "Your attention please. Due to reported police activity in the surrounding community, please implement SECURE CAMPUS procedures immediately."

- REPEAT -

1. Instruct Administrative Assistant to call law enforcement non-emergency number, inform them of campus status, and gather more specific information regarding the potential threat. If information is difficult to obtain, put administrator on the call and ask to speak with Dispatch/Communications Supervisor
2. Designate assigned individual to lock all doors leading into administration building
3. Designate assigned individual to close (**NOT LOCK**) all entrance and exit points on the campus perimeter
4. Maintain heightened state of readiness in case potential community threat intensifies and school elevates response to **LOCKDOWN**
5. If students are out at break, recess, or lunch and situation is deemed imminent, announce **SECURE CAMPUS** status and ask that all students return to assigned classrooms immediately
6. If students are out at break, recess, or lunch and situation is **NOT** deemed imminent, initiate **SECURE CAMPUS** immediately upon conclusion of break
7. If possible, provide periodic updates to staff via public address, e-mail, or other agreed upon means. Continue updates even if there is no change in the situation
8. Depending on the timing of the situation, consider deactivating the period bells. Students and staff must remain inside if the threat persists
9. After the emergency has been neutralized, initiate **ALL CLEAR**
10. Use Parent Telephone Alert System (One Call Now), if appropriate to send brief description of the emergency, how it was handled, and, if appropriate, what steps are being taken in its aftermath.

STAFF ACTIONS:

1. Move to the door and instruct any passing students to return to assigned classroom immediately
2. Close and lock the door
3. Continue class instruction or activity as normal
4. Enforce the no entrance; no exit protocol. Remain in classroom or secured area and wait for further instructions
5. Be alert to the possibility that response may elevate to **LOCKDOWN**
6. Do **NOT** call office to ask questions; Incident Command will send out periodic updates
7. Wait for another action or, if **ALL CLEAR** is issued, return to normal class routine

STAFF ACTIONS: IF STUDENTS ARE ENGAGED IN CLASS ACTIVITY ON AN OUTLYING FIELD (PE OR OTHER ACTIVITY):

1. Gather students together and organize into an orderly formation
2. Inform students that as part of **SECURE CAMPUS** procedures, the class will move immediately to a predetermined classroom location
3. Proceed to on-campus shelter location as quickly as possible
4. Once inside, take attendance to ensure all present students are accounted for
5. By classroom phone, cell phone, walkie-talkie, or 2-way radio, contact designated ICS Command to report class location and any absent or missing students
6. Implement all classroom policies and procedures for **SECURE CAMPUS** status

7. Maintain order in all areas of shelter or assembly. Do not release students to parent/guardian unless instructed by Incident Commander
8. Wait for another action or, if ALL CLEAR announcement is issued, return to normal class routine

T. Shelter in Place

SHELTER IN PLACE is a short-term measure implemented when there is a need to isolate students and staff from the outdoor environment to prevent exposure to airborne contaminants. The procedures include closing and sealing doors, windows and vents; shutting down the classroom/building heating, ventilation and air conditioning systems to prevent exposure to the outside air; and turning off pilot lights.

SHELTER IN PLACE allows for the free movement of staff and students within the building, although one should not leave the room until further instructions are received. Those in bungalows and buildings with exterior passageways must remain in the classroom while **SHELTER IN PLACE** is instituted. It is appropriate for, but not limited to, gas leaks, external chemical release, dirty bombs and hazardous material spills.

ANNOUNCEMENT:

Make an announcement in person directly or over the public-address system:

Example: "Attention please. We have a hazard in the community and are instituting SHELTER IN PLACE procedures. Students and staff should remain inside with windows and doors securely closed and air conditioning units turned off. Those who are outside should immediately move to the protection of an inside room. Do not go outdoors until you receive further instructions."

PRINCIPAL OR DESIGNEE ACTIONS:

1. Make an announcement on the public-address system. Give clear instructions, remain calm and convey reassurance that the situation is under control.
2. When clearance is received from appropriate agencies, give the **ALL CLEAR** instruction to indicate that the normal school routine can resume.

TEACHER and STAFF ACTIONS:

1. Immediately clear students from the halls. Stay away from all doors and windows.
2. Keep all students in the classroom until further instructions are received. Assist those needing special assistance.
3. Secure individual classrooms: a) close and lock doors and windows; b) shut down the classroom HVAC system; c) turn off local fans in the area; d) seal gaps under doors and windows with wet towels or duct tape; e) seal vents with aluminum foil or plastic wrap; and f) turn off sources of ignition, such as pilot lights.
4. Take attendance and call report in to administrative assistant. Wait for further instructions.

STUDENT ACTIONS:

Proceed to the classroom, if it is safe to do so. If not, follow teacher or staff directions to nearby classrooms or other rooms (e.g., auditorium, library, cafeteria, multi-purpose room). If these are unsafe, follow instructions to proceed to an alternative indoor location.
