2023-2024 School Accountability Report Card

(Published During the 2024-2025 School Year)

General Information about the School Accountability Report Card (SARC)

SARC Overview

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or the LCAP, see the CDE LCFF web page at <https://www.cde.ca.gov/fg/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

A hard copy of the School Accountability Report Card is available at your School Office, upon request.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

California School Dashboard

The California School Dashboard (Dashboard) <https://www.caschooldashboard.org/> reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

Admission Requirements for the University of California (UC)	Admission requirements for the UC follow guidelines set forth in the Master Plan, which requires that the top one-eighth of the state's high school graduates, as well as those transfer students who have successfully completed specified college course work, be eligible for admission to the UC. These requirements are designed to ensure that all eligible students are adequately prepared for University-level work. For general admissions requirements, please visit the UC Admissions Information website at https://admission.universityofcalifornia.edu/ .
Admission Requirements for the California State University (CSU)	Eligibility for admission to the CSU is determined by three factors: (1) Specific high school courses, (2) Grades in specified courses and test scores, and (3) Graduation from high school. Some campuses have higher standards for particular majors or students who live outside the local campus area. Because of the number of students who apply, a few campuses have higher standards (supplementary admission criteria) for all applicants. Most CSU campuses have local admission guarantee policies for students who graduate or transfer from high schools and colleges that are historically served by a CSU campus in that region. For admission, application, and fee information, see the CSU website at https://www2.calstate.edu/ .

2024-25 School Description and Mission Statement

Cuttan is a single-attendance elementary school district with students at two sites. Ridgewood School provides instruction for students in transitional kindergarten through second grades, and Cuttan School serves students in third through sixth grades. We currently have a population of approximately 600 students. Both sites have a full-time Principal and the district has a full-time Superintendent. The staff totals about 90 people. The Comprehensive School Safety Plan describes programs in place at our schools as well as strategies for continued improvement in providing a safe and orderly school environment conducive to learning.

2024-25 School Description and Mission Statement

The Cutten School District, in partnership with our community, provides students with the academic and social skills necessary to become contributing members of a global community. We do this by creating a joyful, student-centered, and orderly learning environment rich in the arts and sciences, where everyone knows they are respected members of the "Cutten-Ridgewood Family".

A. Conditions of Learning **State Priority: Basic**

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair.

School Facility Conditions and Planned Improvements

Ridgewood Elementary School provides a safe, clean, tobacco-free educational environment for students. One maintenance employee and two custodians ensure the good condition and cleanliness of our buildings, restrooms, and grounds. All classrooms and support services rooms are equipped with a telephone, an intercom system, and access to the Internet. A security system is present to protect every room.

Visitors are welcomed at Ridgewood School and sign in at the school office. Due to the close-knit nature of our school, unfamiliar visitors on campus are very rare and are immediately greeted by school personnel.

Ridgewood Elementary School was built in 1957. The school has 14 regular classrooms, a library, a multipurpose room (the commons, where assemblies take place one morning each week), a student support resource room (the Learning Lane), and a breakfast room, which is also available for small group instruction and to provide quality after-school care.

School Facility Conditions and Planned Improvements

The playground has enjoyed recent equipment upgrades with the addition of a transitional kindergarten playground, and borders two baseball fields, a playing field, a wall ball court, and our own redwood forest. All facilities and equipment are designed for primary students.

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

Statewide Assessments

(i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

1. **Smarter Balanced Summative Assessments and CAAs for ELA** in grades three through eight and grade eleven.
2. **Smarter Balanced Summative Assessments and CAAs for mathematics** in grades three through eight and grade eleven.
3. **California Science Test (CAST) and CAAs for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).

College and Career Ready

The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

Percentage of Students Meeting or Exceeding the State Standard on CAASPP

This table displays CAASPP test results in ELA and mathematics for all students grades three through eight and grade eleven taking and completing a state-administered assessment.

To protect student privacy, double dashes (--) are used in the table when the cell size within a selected student population is ten or fewer.

ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Subject	School 2022-23	School 2023-24	District 2022-23	District 2023-24	State 2022-23	State 2023-24
English Language Arts/Literacy (grades 3-8 and 11)					46	
Mathematics (grades 3-8 and 11)					34	

2023-24 CAASPP Test Results in ELA by Student Group

This table displays CAASPP test results in ELA by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

ELA test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus

the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAA divided by the total number of students who participated in both assessments.

To protect student privacy, double dashes (--) are used in the table when the cell size within a selected student population is ten or fewer.

Note: The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

2023-24 CAASPP Test Results in Math by Student Group

This table displays CAASPP test results in Math by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

Mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAA divided by the total number of students who participated in both assessments.

To protect student privacy, double dashes (--) are used in the table when the cell size within a selected student population is ten or fewer.

CAASPP Test Results in Science for All Students

This table displays the percentage of all students grades five, eight, and High School meeting or exceeding the State Standard.

Science test results include the CAST and the CAA for Science. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the CAST plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAA for Science divided by the total number of students who participated in a science assessment.

To protect student privacy, double dashes (--) are used in the table when the cell size within a selected student population is ten or fewer.

The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

B. Pupil Outcomes

State Priority: Other Pupil Outcomes

The SARC provides the following information relevant to the State priority: Other Pupil Outcomes (Priority 8): Pupil outcomes in the subject area of physical education.

2023-24 California Physical Fitness Test Results

This table displays the percentage of students participating in each of the five fitness components of the California Physical Fitness Test Results. The administration of the PFT requires only participation results for these five fitness areas. Percentages are not calculated and double dashes (--) appear in the table when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3): Efforts the school district makes to seek parent input in making decisions regarding the school district and at each school site.

2024-25 Opportunities for Parental Involvement

If you would like to become involved as a school volunteer, our doors are wide open! Parent assistance is an important part of our school day, especially during language arts instruction and any other small group instruction. Parents sing along at assemblies and are very active in our award-winning Parent Teacher Association, District Advisory Council, and the School Site Council. Please feel free to contact Annette Sligh, Principal, at (707) 441-3930 for more information.

2024-25 School Safety Plan

The Comprehensive School Safety Plan was adopted by the Board of Trustees February 12, 2024. Key elements of the plan, including monthly fire drills, earthquake evacuation procedures, and lockdown policies are reviewed by staff and School Site Council in early October each year, and are in effect throughout the year.

Professional Development

The Cutten District implemented the Leadership Team in 2014. Teachers apply to be on the team and receive an annual stipend of \$2,000. This Team, that includes all administrators, meets weekly to plan professional development opportunities for teachers and evaluate the effectiveness of professional development opportunities offered. This year the team is focusing on the Science of Reading, Math Identity and Instruction Strategies, and Universal Design for Learning. Input is regularly sought from certificated staff to identify areas of focus for professional development. Professional development is offered during our preservice days at the beginning of each school year, and in service day mid year and during our early release collaborative Wednesdays.

The District reimburses teachers for registration to selected professional development opportunities offered through the County Office of Education, and other professional resources.

To evaluate our system for professional growth and improvement for teachers, we survey certificated staff, teachers meet in grade level teams to assess needs, and we meet as a district several times a year to examine student achievement data to help assess need for professional development. New teachers participate in the Teacher Induction Program, formerly known as BTSA and are mentored by veteran teachers. The North Coast School of Education's (NCSOE) North Coast Teacher Induction Program (NCTIP) is a two-year program that provides a link between the skills acquired in the Preliminary Credential Program to the experiences in the classroom. Candidates work with a Mentor Teacher to further develop the knowledge and skills needed to achieve competency in the California Standards. Mentors provide support, experiences, and professional development to help candidates meet the CCTC requirements for a Clear Credential. When a new teacher is hired, experienced teachers provide continual support in all aspects of the profession. Grade level teams meet regularly to provide assistance and support to our newest teachers.
