STATE TESTING IS COMING UP!

Cutten students will soon be taking the California Assessment of Student Progress and Performance (CAASPP). The testing dates will be May 10-24. Teachers will share individual classroom schedules with families. To help your child be ready to do their best on the test, here are a few things you can do:

- Make sure he/she/they is on time to school every day during the test
- Schedule appointments outside of testing days
- Ensure a good night's rest
- Provide a healthy breakfast
- Send your child to school with lots of encouragement to try their hardest, without getting discouraged. These tests can be challenging, but they are only one measure, and they do not define your student.
